Ideal Lifting Surface

Textured rubber surface over wood for great traction

User Friendly

Adjustable metal frame is simple to assemble and easily attaches to an insert piece for use in our racks

Lessen the Impact

High quality odour free rubber mats are shock and sound-absorbing

Prepare to Perform

Warm Up and Train Recreating the Competition Feeling

Eleiko's Training Platform has been updated with a new frame featuring a distinctively curved steel tubing and cast corners for enhanced durability, stability, and visual appeal. The deck is constructed from birch wood with a long-lasting thermoplastic layer on top that provides great traction and enduring performance. Our high-quality rubber tiles complete the platform with an exceptionally durable, odour-free lifting zone.
