

**Designed For**

Strength training and functional fitness in mixed use environments

**Indoors or Out**

Tough enough for the outdoors, yet quiet and gentle on floors indoors

**Secure Handling**

Lipped edge around circumference for easy and safe handling

**Recycled Rubber**

All EU rubber for a more green, clean and durable disc

## Functional at its Finest

### Heavy Duty Bumpers for Tough High Impact Training

The Eleiko XF Bumpers composition enhances durability and delivers an incredibly long-lasting disc designed for tough training and varied environments. The design updates include a more narrow 45 lbs disc, one that matches the width of the 35 lb discs, so more weight can be loaded on the barbell. The 10 lb and 15 lb discs are designed with a smaller 320 mm diameter and thicker width so bumpers won't warp and break. Our compressed recycled crumb rubber is soft yet durable providing fantastic sound dampening and shock absorption. Discs are sold individually.

**RANGE (LBS):** 10 / 15 / 25 / 35 / 45

### Warranty

1 year\*

\* To be dropped on 30 mm-thick rubber flooring. Stored indoors. Normal wear and tear does not fall under warranty.
