

**Designed For**

Racking and holding bar between squats, bench press and dip sets

**Protect Knurling**

Built-in polyurethane rollers protect bar knurling and support positioning adjustments

**Attention to Detail**

Features generous, comfortable dip handles and ergonomic, knurled adjustment knobs

**Versatile and Adjustable**

3-in-1 design supports squats, bench press and dips – all in a compact footprint.

**Made in Sweden**

Swedish steel and manufacturing with distinctive details to optimize the lifting experience.

# Versatile Squat Stand

**A feature-packed staple for any training space**

This 3-in-1 powerhouse supports squats, bench press and dips in a single compact footprint. Bench hooks and j cups feature built-in polyurethane rollers to protect the bar knurling and allow lifters to adjust the bar while loaded for optimal positioning. Generous dip handles, adjustable width and height, and distinctive design details make this versatile piece a must-have for a home gym or training facility.
