

**Designed For**

Strength training and functional fitness in mixed use environments

**Nestable and Compact**

Snug and secure fit that takes less that space on the sleeve and provides stability when plates are loaded

**Lasting Performance**

Solid steel core coated in durable rubber

**Minimalistic Design**

Black matte rubber with white weight markings for easy identification

**Smaller Increases**

Plates range from 2,5 – 10 lbs for small increment adjustments

## DESIGNED FOR DURABILITY

### Change plates for small, quick weight increases

Eleiko Rubber Coated Change Plates support smaller increases and manageable weight jumps when training. Consisting of a solid steel core that is rubber coated, the change plates feature a minimalistic design with no center hub. The plates have raised edges for easier handling and a snug, secure fit that takes less space on the sleeve when plates are loaded. The black matte finish with white weight markings provides easy weight identification. The change plates range from 2,5 to 10 lbs and are sold individually.

**RANGE (LBS):** 2,5 / 5 / 10

**Warranty**

5 years\*
