1. INTRODUCTION

Somfy diameter 50 motors recommended for Roller Shutters.

2. SAFETY

2.1. Safety and responsibility

- This Somfy product must be installed by a professional motorisation and home automation installer, for whom these instructions are intended.
- Before installation, check that this product is compatible with the associated equipment and accessories.
- These instructions describe how to install, commission and use this product.
- Moreover, the installer must comply with current standards and legislation in the country in which the product is being installed, and inform his customers of the operating and maintenance conditions for the product.
- Any use outside the sphere of application specified by Somfy is not approved. Such use, or any failure to comply with the instructions given herein will invalidate the warranty, and Somfy refuses to accept liability.

2.2. Specific safety advice

- 1) Switch off the mains supply of the shade before performing any service operation in the vicinity.
- To avoid damaging the product:
 - 2) Never immerse it in liquid!
 - 3) Avoid impacts!
 - 4) Do not drop it!
 - 5) Never drill holes in it!
- 6) Avoid moving the shade if ice has formed on it.
- 7) Never connect two control points to a single motor.
- 8) Never connect two motors to a single control point.
