ANNIVERSARY

FUN, FUNKY & FUNCTIONAL

RICE is a Danish design brand with a dream to add that extra something to the ordinary - coloring your everyday with happy functional items... with a twist! You can plunge into a range of vibrant homely items made with a joyful spirit - all down-to-earth and super practical!

Get lost in our dreamy collections of homeware and accessories for living, outdoor, kitchen, and kids! The possibilities are endless and we encourage you to just have FUN!

We do Business with a ❤

Every year RICE takes an active part in developing projects and relief work all over the world. We make it our mission to do business with a heart. Social responsibility is a part of the RICE DNA - we believe in a better world and we aspire to make a difference.

We put a lot of pride into our work and our products, and it is important to us that we engage in long-lasting and reliable supplier cooperations and that we only use the very best materials available. At RICE we offer a wide range of materials - but raffia and melamine have been with us from the very beginning. Raffia is a beautiful and natural product; it comes from palm fronds and our products are handmade in Madagascar. The quality of RICE melamine is the highest available and contains no BPA or phthalates.

RICE was founded back in 1998 by Charlotte and Philippe Guéniau and today RICE is represented in more than 50 countries with approx. 2000 stores worldwide. In 2014 we added RICETERIA to the family. The combined store and café which can now be found all over the globe combining vibrant RICE products with healthy, fresh, and colorful food.

Food and product tested in cooperation with TUV.

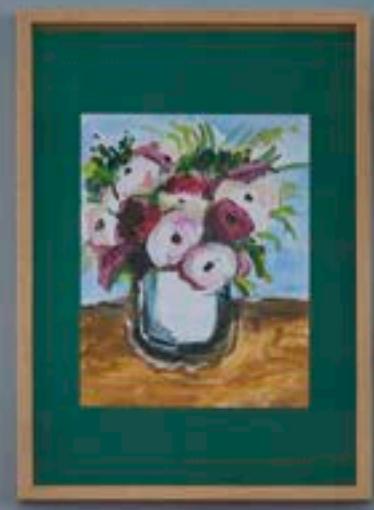

This catalogue is designed and printed in Denmark.

Please note that the products can be subject to price changes, printing errors and discontinuance. There can also be slight variations in color. Trade is subject to written approval by RICE - general terms of sale apply.

Let's wrap the world in colors!

VIVA LA VIDA

Our Autumn/Winter Collection for 2023

- And a continuous celebration of the 25th Anniversary Year of starting RICE

The collection is inspired by a recent trip to Mexico where I went together with my daughter Selma. It was our first trip after COVID – and it just felt so goooodddd. Travel – inspiration – breathing freely again – getting back to life.

We fell in love with everything – the people, the food the country – it was the perfect tour of inspiration. and the ongoing focus on enjoying life and living it to the fullest. Most of all the colors inspired us, Pink was particularly popular everywhere. The colors for this collection came together during this trip

To travel is to live - is famous words for our danish writer Hans Christian Andersen. I can relate to that! I hope you feel inspired and joyful from this collection. Stay colourful - always!

Let's celebrate together – all good things big and small.
Everyday Magic and colorful living – brings positivity and smiles.

All best

Charlotte and Team RICE

DESIRE TO INSPIRE AND TO BE INSPIRED...

World Famous Mexican Architect Luis Barragán - born in 1902 - already understood the importance of colors and of the perfect pink - he collaborated with loads of people. An absolute dream place is his former home San Cristobal estates where he created a huge horse stable and a big pool area for the horses- all in gorgeous pink. Barbies dream House complete with horses and all...

Mexico loves pink - it's everywhere - and apparently has been for a very long time.

VIVA LA VIDA

- life is always better with flowers!

The two glass vases are strongly inspired by a visit to a private villa - designed by Luis Barragán - Mexican Architect - I spotted some vintage vases in the house... and we chased every flea market we could find, without any luck... But our clever suppliers in India found a way to make our own version of these gorgeous hand painted glassvases .

OUR MELAMINE IS:

 Reusable  Long lasting  Durable  Sustainable

 Approved by DVFA and tested food safe  BPA and phthalate free

We always keep up with the required test regulations. In September 2021, EU toughened up the standards of testing plastic and melamine and a new one (EU) No 10/2011 came into effect.

All our current products live up to these new standards.

Happy Earth

We have invested in a piece of farmland that we will forest - we call it "RICE Happy Earth". We have always said "People care - we care", and with the actual climate situation, we also need to care for the planet. We do it by heart and want to inspire others.

RICE Happy Earth is hard evidence in a world full of words. It's specific, physical, and present. It's a long-term project, but all journeys start with one step - We start now!

- ♥ We transform 36 hectares land into forest.
- ♥ 65.000 trees will be planted near RICE HQ.
- ♥ 20 different species of trees and bushes will be planted.
- ♥ 4,2 km of fence will protect the young trees from the deer.
- ♥ 7 ponds will secure water for the animals in the summer period.
- ♥ We are working according to UN Global Goals 6, 13, 14 and 15.

GLOBAL GOALS

Our forest is a protected area without conventional cultivation, we can avoid chemicals seeping into the groundwater.

This will contribute to achieving UN Sustainable Development Goal 6 as it will protect and improve the quality of our water-related ecosystems and ensure access to clean and sustainable water for all.

Point 13 refers to UN Sustainable Development Goal 13. We have invested in a piece of farmland to transform it into a forest called RICE Happy Earth. We will plant 65,000 trees, 20 different species. By transforming farmland into a forest, we are creating a natural way to store carbon and help mitigate the effects of climate change.

In 2018, RICE endorsed the Ocean Plastics Charter (G7 Summit 2018). We use these tools as guidelines for implementing measurable future goals according to the protection of the environment. To help ensure a plastic pad free ocean.

We are working towards leaving a smaller footprint on the planet:

- ♥ We develop products, where reusability and durability are in focus
- ♥ We are all the time developing new and improved packaging that are eco-friendly and biodegradable
- ♥ We keep a constant focus on how to optimize our packaging and boxing according to shipping space
- ♥ We keep a responsible recycling process at the headoffice in Denmark
- ♥ We have eliminated all single use plastic products from our collection

We have seven ponds, two of which are designed for birds and five for salamanders, frogs etc. As part of our commitment to biodiversity and UN Sustainable Development Goal 15, we will be planting 6,000 square meters of wild-flowers every third year. We want to increase habitat diversity, support the local ecosystem, and contribute to the protection and restoration of the terrestrial and aquatic ecosystems.

B2B Private Label

For the past 10 years we have worked closely with our suppliers and customers in developing private labelling solutions.

It is a unique way to combine your favorite RICE products with your very own identity and brand name.

Lead time from idea to delivery is typically 5-6 months. The most popular items so far have been our melamine and raffia products.

We have worked among others with:

- ♥ Liberty London, UK
- ♥ Emma Bridgewater, UK
- ♥ Gelato Museum, Italy
- ♥ Neptune Hotels, Greece
- ♥ Europa Park, Germany
- ♥ Le Petit Souk, France
- ♥ Geliebtes Zuhause, Germany
- ♥ ...and many more
