# FLOWER ME HAPPY

## Welcome to Flower Me Happy - our spring summer 23 collection

2023 is the Year where we celebrate 25 years of RICE... 1998 was a big year for me and my husband. We had our first baby - and then within the very same year we gave birth to RICE... We moved to Denmark after 14 years in France. A truly epic time!

This year we will celebrate throughout the entire year - a year of appreciation to the adventure it has truly been, to all the beautiful people who have been on the journey with us, they have all contributed to making RICE what it is today.

I have a big crush on flowers so we have dedicated a large part of the collection to them. Flowers on prints, embroideries and even a Flower Me Happy book. Least but not least we will have flower seeds so you can grow your own beauties.

I feel a special warm feeling of joy in my heart when I am surrounded by flowers, in nature or working with small bouquets in my home. **Flower Me Happy... it's a thing.**

Have a fabulous 23!

Peace and Love to all

Charlotte and team RICE

# A QUARTER OF A CENTURY - filled with adventure

The idea of starting RICE was founded over a long lunch in the middle of the french countryside - in 1997. I had lived on an off in Paris for 14 years - my french husband Philippe and I both had really great jobs but we travelled most of the time and often in opposite directions.

We wanted a change of pace and we had a baby on the way. That became the catalyst to creating a big change. We wanted to create a life where we travelled together instead of apart and we longed for a quieter lifestyle. 3 weeks after our son was born, we moved to Denmark and into our small summerhouse near the sea. Our French friends and family were so worried about us, they all thought we were completely crazy!

*First handmade catalogue - and first fair stand*

We put together a small selection of items and roamed the shops of Copenhagen with Max in a pram. Everybody wanted the baskets we brought back and we got a flying start. The small barn in our summerhouse quickly became too small - and we moved to bigger premises with more storage space.

After 1 year - and a second baby on the way we had stock all over the house, and nowhere really to live... so we moved the company out. Looking back now, it was a crazy time but also super fun and full of adventure.

In 2001 we started selling melamine products, and this amazing material has been an enormous part of our collection ever since.

RICE  
HQ  
1997

After a few months - we created the company and when our son Max was 4 months old we went to Madagascar searching for products to fit together with items from a Danish friend in Thailand. We went there looking for embroidered things and discovered the wonderful material RAFFIA. Since that day we have never stopped producing in Madagascar and are proud to still work with the same people after 25 years.

today

Today we sell to more than 40 countries and we have a really nice office and warehouse on the harbour in Odense.

We always cared about people and places where we produced and in 2002 we became SA8000 certified. We like to do business with our hearts and have over the years had some great projects together with Danish Refugee council, Danish Red Cross and Unicef.

We are proud product makers and love that we keep many women and their families in Madagascar busy producing baskets and bags for us.

Book writing is one of Charlottes favorite past time passions. Both on cooking and colorful living.

Wallpaper collaboration

This year we have invested in a piece of farmland where we will plant around 75.000 trees - we call the project RICE happy earth.

Look forward to the next 25 years.  
Stay tuned...

Warm regards  
Charlotte

## Clafouti

*My french fabulous friend of an easy cake. You can whip this easy cake up while you are chatting with your friends and having a drink. If you are very lucky there will be a piece left over - it tastes great the following day as well...*

- 600 g raspberries (the classic version is with cherries but you can choose your favorite berry)
- 40 g butter + 20 g to grease the baking dish
- 100 g wheat flour
- 60 g sugar
- 1 pinch of salt
- 1 vanilla pod or one tablespoon vanilla sugar
- 4 eggs
- 2 dl full fat milk
- Castor sugar for decoration

1. Preheat the oven to 210 °C, rinse the berries carefully. Melt the butter slowly.
2. Mix flour, sugar, salt and vanilla in a bowl. Beat the eggs and mix it in with the milk. At the end add the melted butter.
3. Grease a lovely oven dish with the remaining 20 g of butter. Pour in the batter, and place the raspberries all over the dish.
4. Bake for 10 minutes at 210 °C and reduce the heat to 180 °C for another 20 minutes.

Can be served luke warm or cold. Just so yummy!

# GLOBAL GOALS

- ♥ We take responsibility for our products, and how they are made
- ♥ We keep a 100% responsible supply chain from beginning to end
- ♥ We make sure that the production is handled with the utmost respect for human rights, under safe and healthy working conditions, and without the use of child labor
- ♥ We only choose suppliers, who live up to our ethical standards
- ♥ We educate our suppliers and guide them on improving their social responsibility
- ♥ We follow the guidelines of international recognized standards like the SA8000 and the UN Global Compact
- ♥ We follow the Danish CSR Compass
- ♥ We have been members of the UN Global Compact since 2006

With our RICE Code of Conduct and our commitment to the UN Sustainable Development Goals, we commit ourselves to take a global responsibility in the global climate debate.

In 2018, RICE endorsed the Ocean Plastics Charter (G7 Summit 2018). We use these tools as guidelines for implementing measurable future goals according to the protection of the environment. To help ensure a plastic pad free ocean.

We are working towards leaving a smaller footprint on the planet:

- ♥ We develop products, where reusability and durability are in focus
- ♥ We are all the time developing new and improved packaging that are eco-friendly and biodegradable
- ♥ We keep a constant focus on how to optimize our packaging and boxing according to shipping space
- ♥ We keep a responsible recycling process at the headoffice in Denmark
- ♥ We have eliminated all single use plastic products from our collection

We are proud of our CSR. In our commitment to the chosen development goals, RICE has partnered with international organizations working for the same goals.

- ♥ Ocean Plastics Charter, G7
- ♥ The UN Global Compact

# flower ME HAPPY

Welcome to our new Flower book - a tribute to flowers and the joy they bring.

The book is a labour of love - made as a collaboration between Charlotte Hedeman Guéniau and the very talented photographer and flower expert Mette Krull. Together they share a huge love for flowers - and always send each other florally inspired pictures and quotes.

Mette has already written a huge masterpiece of a book called Garden Friends and for Charlotte it is her 7th book - the others were cookbooks and books about interior and colorful living.

Our wish is to inspire you to be playful around flowers, follow your own rules... the book is a mix of how to style for parties, cooking with flowers, simple bouquets and over the top magical bundles of colorful joy - and hopefully just a visual vitamin injection.

Charlotte Hedeman Guéniau & Mette Krull

"We both have a huge love for flowers and have dreamed about making a small book as a tribute to the power of our floral friends..."

# LET LOVE GROW

We are so proud of this new collaboration of seeds. Selected and curated by TAG Tomat. Copenhagen based passionate people who among many things are also seed nerds. We have selected 3 versions to flower the world happier. All seeds are organic.

Mixed florals full of edible flowers that you can enjoy with your eyes but also a joy to eat. Butterfly mix is perfect for attracting our small beautiful friends with colorful wings. Last but not least... Poppies - this magical flower with the thin gorgeous leaves that stand strong in the wild.

## Happy Earth

### We have invested in a piece of farmland that we will forest.

The working title is RICE Happy Earth. We have always said PEOPLE CARE WE CARE - and with the actual climate situation we also need to care for the planet.

- ♥ We transform 36 hectar land into forest
- ♥ 75.000 trees will be planted near RICE HQ
- ♥ 20 different species of trees and bushes
- ♥ 6000 m<sup>2</sup> of wild flowers will be planted every 3rd year
- ♥ We are working according to UN - global goals 13 and 15
- ♥ Much much more on this for Autumn 2023

# Be Mela MINE

OUR MELAMINE IS:

- ♥ Reusable ♥ Long lasting ♥ Durable ♥ Sustainable
- ♥ Approved by DVFA and tested food safe ♥ BPA and phthalate free

We always keep up with the required test regulations. In September 2021, EU toughened up the standards of testing plastic and melamine and a new one (EU) No 10/2011 came into effect. All our current products live up to these new standards.
