SECURE LATCH LOCK SYSTEM

HOOK + SLIDE ACTION FOR TYNES AND ADD-ONS

Hook-on Hay Spears

For agricultural use, the Hook-on Hay Spears change your Forks into instant Hay Forks and even Combination Forks!

Excellent visibility and super strength

Hook-on Trailer Spotter

This simple but incredibly useful Trailer Spotter allows you to manoeuvre trailers with tight turning and maximum control

Hook-on your Fork frame in seconds

Bolt-on Grapple

This powerful add-on allows you to handle logs, transport heavy and large diameter pipes, poles and much more.

Fast bolt-on installation in minutes!

Bolt-on Side Shift

There is nothing shifty about our trusty hydraulic Bolt-on Side Shift - simply line it up and you're ready to go!

Easy operation from within the cab

Bolt-on Rotator

Turn the definition of Pallet Forks on its head with the Bolt-on Rotator featuring complete 360-degree rotation.

Ideal for tipping loads in tight spaces
