Steel Parsons Shuffleboard

Clean lines, unabashed style, wrought in American steel.

The **Steel Parsons Shuffleboard** pairs fantastic metalwork with strong design. Alongside our carpenters we handle our metalwork and welding in-house, which gives us total control over the design and build of our tables. The Parsons shuffleboard frame is a uni-body design constructed from high-strength steel. The bottom of the legs are threaded to allow for leveling feet. Steel is blackened and spray-sealed.

DIMENSIONS

Length	8', 9', 10', 12', 14', 16', 18', 20', 22'
Width	28"
Height	31"
Playing Surface	20" Wide Constructed from Oak or Walnut. Everyone of our playing surfaces is unique and custom manufactured

GUTTERS

We use 8 ounce chocolate dyed leather hides to line the shuffleboard gutter. Every hide is sourced from US cattle and processed at American tanneries. The leather is cut and stitched in downtown Los Angeles.

Gutter Depth: 1.6 inches
Side Gutter Width: 4 inches
End Gutter Width: 5 inches.

Steel Parsons Shuffleboard

All-American steel and craftsmanship with smooth play to die for.
