

Remote and Bluetooth Whips

Thank you for your purchase of the finest whips on the market. All whips are built by hand in the USA and covered by our Lifetime Warranty.

Your order should include the following items that are marked:

Whips: _____

Power Wire: _____

Mounts: _____

Black Caps: _____

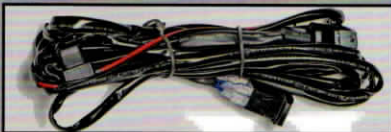

Wireless Remote: _____
(only for remote whips)

Optional Items: (Purchased Separately)

Switch: RED / Blue / White / NONE

5150 Whips Power Harness: _____

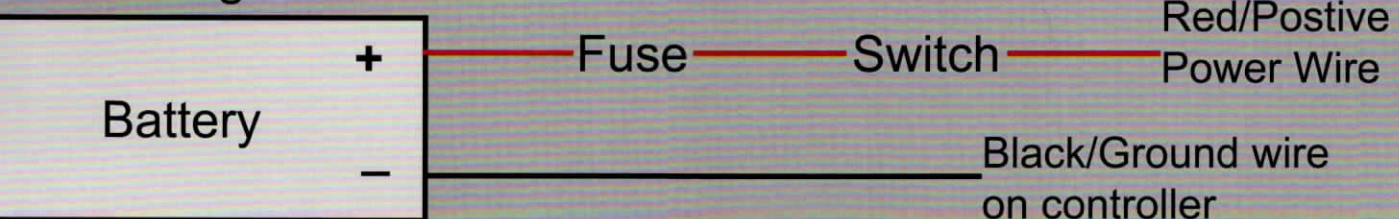

Packed with care by: _____

Installation Instructions:

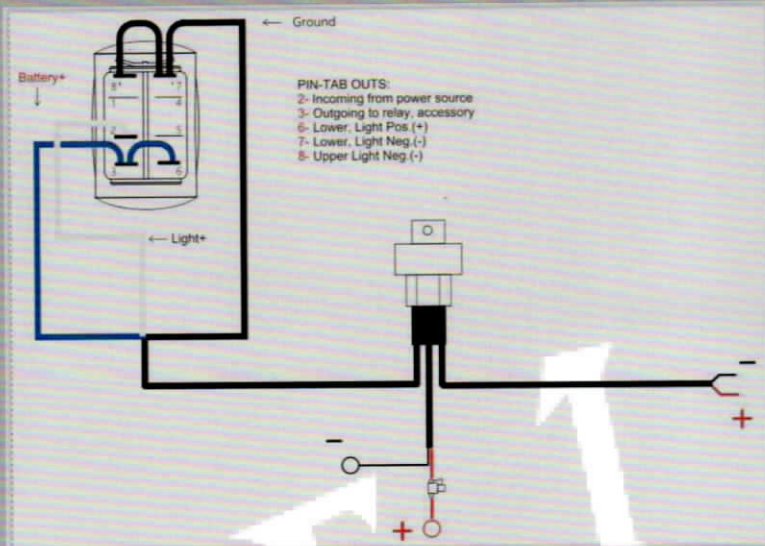

****We recommend running your whips off a switch however it not necessary. All whips should be wired to a fuse block or inline fuse****

Minimum Wire Gauge: 18 awg **LONG / CRAZY BRIGHT**

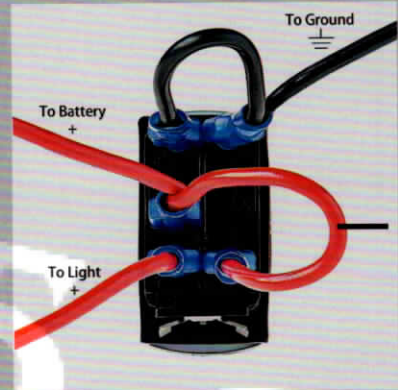

Your Wiring:

5150 Whips Power Harness: (If purchased)

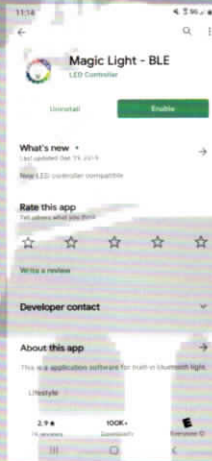

How to wire 5 pin switch: (If purchased separately from Power Harness)

This wire can be moved to accessory wire. Then the back light will only illuminate when key is on.

What App do I use:

Magic Light BLE (Bluetooth Whips Only)

Common Questions:

Is the controller water proof? Yes

CRAZY STRONG/CRAZY BRIGHT

Why are my whips not chasing, cascading or stacking? Only our 187 Whips have these capabilities. Remote and basic bluetooth whips only change or flash solid colors.

My whips flash and then turn off when I plug them in? Plug whip in and turn power on with remote or on app.

Tech Support: (800) 674-9920 ext 2. Monday through Friday 8 am to 5 pm PST.
