

## Buick Rainier (2004-2006)

PART NUMBER: BK-77-04-L

**PLEASE READ COMPLETE INSTRUCTIONS BEFORE INSTALLING THIS Pro.Fit Legend.**

All instructions assume a drivers seat vantage point. Caution is advised when removing and reassembling wood or plastic parts of a dash. Applying unnecessary force or pressure may cause a piece to crack or break.

**TOOLS REQUIRED:** Dash Trim Removal Tool, 7mm wrench, masking tape

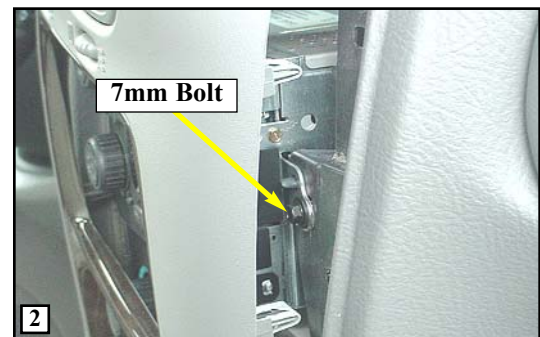

**PARTS INCLUDED:** Pro.Fit Legend, instructions, two (2) #8x1/2" screws.

**LOCATION:** Right of radio

**STEP 1.** Place masking tape on the radio and trim bezel to protect from scratches during installation. **(Photo 1).** Insert the Dash Trim Removal Tool behind the upper-left corner of the radio bezel and pry outward to release a retainer clip. Working the tool in both directions, continue to release clips until the bezel can be pulled outward to reveal a 7mm bolt to the right of the radio. **(Photo 2).**

**STEP 2.** Remove the 7mm bolt that holds the radio in place. Carefully slide the Legend between the radio and trim bezel. Place the Legend mounting hole over a centering pin, next to the 7mm bolt. **(Photo 2).** Replace the 7mm bolt and tighten.

**STEP 3.** Re-assemble the dash in reverse order, remembering to remove the masking tape. This completes the installation of your Legend.
