

Hummer H2 (2002-2006)

PART NUMBER: CV-78-03-L

**PLEASE READ COMPLETE INSTRUCTIONS BEFORE INSTALLING THIS Pro.Fit Legend.**

All instructions assume a drivers seat vantage point. Caution is advised when removing and reassembling wood or plastic parts of a dash. Applying unnecessary force or pressure may cause a piece to crack or break.

**TOOLS REQUIRED:** Dash Trim Removal Tool, 7mm open end wrench, allen wrenches, masking tape

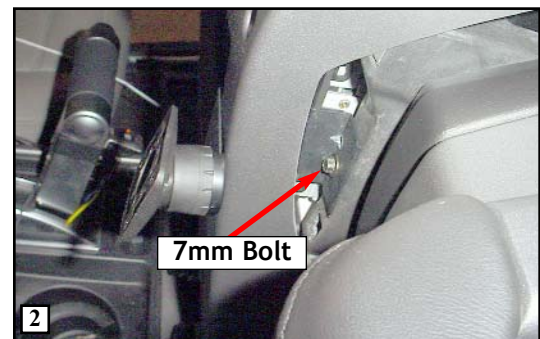

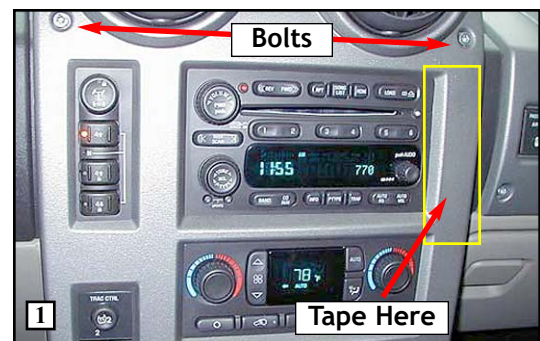

**PARTS INCLUDED:** Pro.Fit Legend, instructions

**LOCATION:** Right of radio

**STEP 1.** Cover the right side of the radio bezel with masking tape to prevent scratches. **Photo 1.** Remove two (2) allen bolts next to the air vents.

**STEP 2.** Slide the dash trim removal tool behind the top right corner of the radio bezel and pry outward, releasing a retainer clip. Pull the top of the bezel outward until the 7mm bolt right of the radio is accessible. **Photo 2.** Remove the bolt with a 7mm open end wrench. Place the Legend between the radio and radio bezel, aligning the mounting hole over the 7mm bolt hole. Replace bolt and tighten.

**STEP 3.** Carefully re-assemble the dash in reverse order to prevent scratches. The bezel will fit tightly against the Legend. Remove masking tape. This completes the installation of your Legend.
