

Chrysler 300 C (2004-07)
 Dodge Magnum (2004-07)
 Dodge Charger (2004-07)
 PART NUMBER: DG-51-04-L

PLEASE READ COMPLETE INSTRUCTIONS BEFORE INSTALLING THIS Pro.Fit Legend.

All instructions assume a drivers seat vantage point. Caution is advised when removing and reassembling wood or plastic parts of a dash. Applying unnecessary force or pressure may cause a piece to crack or break.

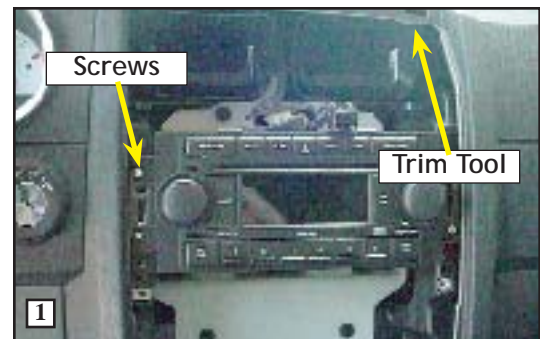

TOOLS REQUIRED: Dash Trim Removal Tool, 5/64" drill bit and drill, # 2 Phillips screwdriver

PARTS INCLUDED: Pro.Fit Legend, instructions, three (3) #8x1/2" screws.

LOCATION: Right of radio

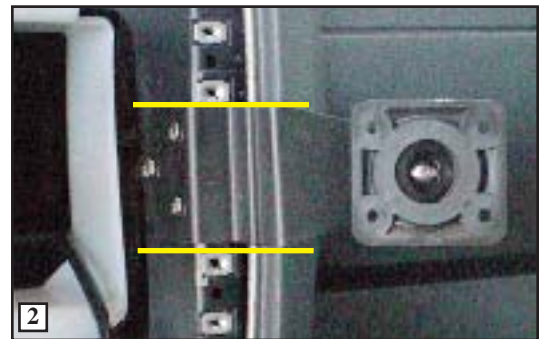

STEP 1.

Set the parking brake and put gear shift into low. Insert the dash trim removal tool behind the upper right corner of the bezel that surrounds the air vents. **Photo 1.** Gently pry outward to release a retainer clip. Work the trim tool around the bezel, releasing all clips. Disconnect bezel wiring and set bezel aside.

STEP 2.

Remove four (4) screws that hold the radio in place. **Photo 1.** There are two (2) on each side of radio. Slide the radio out of its cavity **without disconnecting any wiring.** Wrap the radio in a protective cloth to prevent scratches and let hang down.

STEP 3.

Align the Legend VSM right of the radio as in **Photo 2.** Using the Legend as a guide, mark the location of three(3) screw holes. Set Legend aside. Drill three (3) pilot holes at the marked location using a 5/64" drill bit and drill. Align the Legend over the pilot holes, insert three (3) # 8 x 1/2" screws and tighten.

STEP 4.

Re-assemble the dash in reverse order. Remember to reconnect all wiring. This completes the installation of your Legend VSM.
