

Dodge RAM - 1500 only (2006-2008)  
Dodge RAM 2500, 3500 (A/T Only)  
(2007-2009)

PART NUMBER: DG-72-04-L

PLEASE READ COMPLETE INSTRUCTIONS BEFORE INSTALLING THIS Pro.Fit Legend.

All instructions assume a drivers seat vantage point. Caution is advised when removing and reassembling wood or plastic parts of a dash. Applying unnecessary force or pressure may cause a piece to crack or break.

**TOOLS REQUIRED:** 5/64" drill bit & drill, # 2 Phillips screwdriver, 7mm nut driver, dash trim tool, Utility knife

**PARTS INCLUDED:** Pro.Fit Legend, instructions, two (2) #8x1/2" screws

**LOCATION:** Right of climate control

#### STEP 1.

Open Cup holder, locate and remove two (2) 7mm screws. Access screws by inserting screw driver through opening in bezel. (See image 1) The second screw is directly under the Aux power outlet.

#### STEP 2.

With the Dash Trim Removal tool insert and pry trim bezel out beginning at lower right corner. Continue around trim and release all 11 clips. Note the clips are very tight, so use caution when applying extra effort. This installation allows for slight variations up and down in mounting position. See arrows marked on image #2.

#### STEP 3.

Place the Legend in the mounting location and mark the desired position. Trim away the rib so the mount sits flush, using the Legend as a guide, mark the location of two (2) screw holes. Set Legend aside. Drill two (2) pilot holes at the marked location using a 5/64" drill bit and drill. Align the Legend over the pilot holes, insert two (2) # 8 x 1/2" screws and tighten.

#### STEP 4.

Re-assemble the dash in reverse order. This completes the installation of your Legend.
