

# GMC Terrain 2018-2020

## PART NUMBER: FO-75-04-L

**\*PLEASE READ COMPLETE INSTRUCTIONS BEFORE INSTALLING THIS VSM Legend\***

All instructions assume a driver's seat vantage point. Caution is advised when removing and reassembling wood or plastic parts of a dash. Applying unnecessary force or pressure may cause a piece to crack or break.

When properly installed, the metal between the ball and the small hole is all that is exposed. (Some exceptions apply).

**TOOLS REQUIRED:** Dash Trim Removal Tool (DTRT), 9/32 Socket and Ratchet

**PARTS INCLUDED:** VSM Legend

**LOCATION:** Right of Vent

Step 1: Using a DTRT remove the silver trim around the vent right of the radio. Now remove the 2 9/32 screws holding vent.

Step 2: Position the mount behind the bottom screw hole. To do this hook the mount screw tab through the slot opening just below the top screw and slide down to the bottom screw position.

Step 3: Return and tighten screws. Pop the silver trim back on.
