

## Honda CRV 2002-2006

PART NUMBER: MV-50-03-G3

**PLEASE READ COMPLETE INSTRUCTIONS BEFORE INSTALLING THIS VSM G3**

All instructions assume a drivers seat vantage point. Caution is advised when removing and reassembling wood or plastic parts of a dash. Applying unnecessary force or pressure may cause a piece to crack or break.

**When properly installed, the metal between the ball and 2 small holes is all that is exposed.  
(Some exceptions apply).**

**TOOLS REQUIRED:** #2 Phillips screwdriver, drill and 5/64" bit, Dash Trim Removal Tool (DTRT), marking pen

**PARTS INCLUDED:** VSM G3, A Plate, J Stem, two (2) #8 x 1/2" screws

**LOCATION:** Right of radio

**STEP 1.** Remove two (2) #2 Phillips screws from the bottom of the air vent assembly. Pull vent out and let hang down. Next, remove the radio trim bezel. (Photo #1). Insert the DTRT behind the upper right corner of the bezel; using a gentle twisting motion, gently pry outward around the bezel until all clips are released. Set aside.

**STEP 2.** Hold the VSM G3 above the clip hole. Photo #2. Using the G3 as a guide, mark the location of two (2) screw holes. Set G3 aside. Drill two (2) pilot holes at the marked location using a 5/64" drill bit and drill. Align the G3 over the pilot holes, insert two (2) #8 x 1/2" screws and tighten.

**STEP 3.** Assemble the dash in reverse order. This completes the installation of your VSM G3.

Note: See the Assembly Instructions for G3 Components for additional information.
