

SYSTEM4[®]
Systematic furniture

Systematic furniture.

We have a system – the combination of timeless design and highest functionality. System4 is our flexible furniture system made from high quality steel that will enhance your home, your office, or your business. Its modular design offers endless possibilities to perfectly match your needs and desires. As part of the established Swiss company Streng Plastic AG, we guarantee highest quality, reliability, and sustainability. Our proven know-how allows us to

consistently ensure perfect machining and processing, and we only use materials that meet the highest quality standards. Nonetheless, System4 also offers surprisingly attractive pricing. Short delivery times and easy self-assembly with tools provided by us are additional advantages of System4. We are excited for you to discover our timeless, attractive furniture system that is a perfect match for today's living and working environments.

Esther Streng
CEO

*For a well-composed first impression:
System4 brings order into every entryway.*

Systematic living: Easy to set up.

Home is where we live! Do you like it comfortable? Or do you enjoy more of an avant-garde feel? The functional furnishing of System4 makes it easy for you to set up your home in a way that matches your personality and your ideas. Whether you prefer classic tones for your living room and home office or look forward to a colorful kids' room, System4 offers endless possibilities and combinations. But we promise

you one thing: Regardless of how you would like to design your living environment, including with our individually mountable wall shelves: System4 matches every furnishing style. And you can change it up, switch it up or add to it whenever and in whatever way you want – for instance if you are welcoming a new family member. System4 always reflects your way of life!

*We bed you that... System4 will also
look great in your bedroom!*

A systematic approach: The manifold advantages of System4®.

For your home, for your office, for your business: Now there is one furnishing system that will meet all your needs - System4. System4 is not only attractive, it also offers highest functionality, for instance with its high and semi-high drawers that create extra storage space and are also available with locks. Tilt doors ensure a unified look; CD holders organize your music

collection. Glass panels keep things in perspective. Back or side panels made from sheet metal or perforated metal plates give your furniture more stability. And rolls provide mobility. You would like your pieces higher, wider or deeper? No problem: System4 is completely modular. Just start designing or redesigning your home, office, or business space, anytime you wish!

*Beautiful views - System4
turns heads everywhere.*

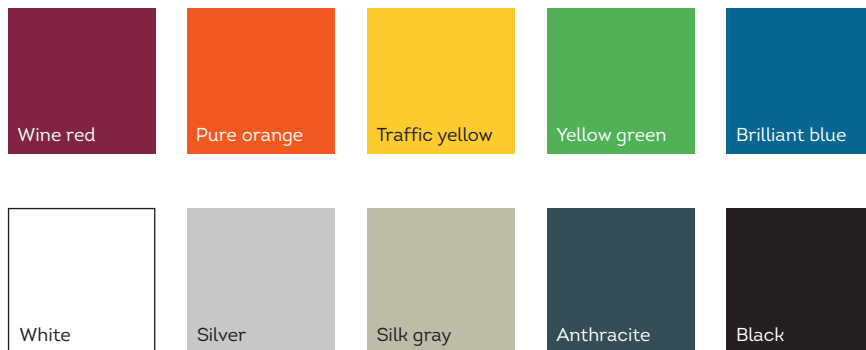

*We eat with our eyes.
Let System4 stir up your kitchen!*

Colors add appeal.

There are not many furniture systems that allow you to match the existing environment better in terms of color than our versatile System4 - whether based on the existing color spectrum or as a distinctive contrast. A total of 10 basic colors are always immediately available. You would like

to make your life even more colorful? For a small surcharge, we will build System4 for you in any RAL color. And even existing furniture you already own can be recolored according your wishes, so that the color of your furniture always matches!

The colors shown may differ from the original color.

Transform your home into a home office.

Why always work at the company's offices if some tasks can easily be taken care of from home? Whatever your reasons may be for working from home, System4 allows you to create a home office even in the smallest apartment. Our innovative furniture system cleverly uses the existing space and offers individual solutions that meet your needs, for instance with our different desk concepts. Are you dreaming of a more relaxed workspace? Create your personal workstation with System4 - we have the right prerequisites and the best components.

Make room! System4 turns every corner into a mini office.

Systematic surroundings: Makes working a breeze.

Do you work in an individual or in an open plan office? System4 offers highest flexibility and can provide an eye-catching piece of furniture in your personal office or serve as perfect divider with additional functions in a larger office landscape. The innovative furniture pieces and office desks are perfectly suited for the needs

of today's working world and are able to grow with your company. Thanks to the sophisticated design of our furniture system, expensive adjustments or modifications are a thing of the past. And because System4 is also extremely attractive, it makes for a particularly impressive lobby.

A custom-made office: System4 fits in everywhere with various sizes and different desktops from wood and glass.

Do you work in open-plan or closed offices? System4 has the perfect solution for every concept.

To get on a roll at work: System4 roll containers are available with 2 or 3 drawers.

Sophisticated accessories.

You would like to change up your furniture system or expand it? System4 is conceived in a way that you can always add to it with practical accessories. We have thought of everything: different rolls to provide more flexibility; tilt doors with handles, with or without lock; glass panels for transparency; but

also smaller details like drawer attachments, hanging file inserts, or catalog holders that will come in more than handy. Whether as office container, TV furniture or sideboard, as simple side table or complete wall shelf – System4 offers endless possibilities and combinations.

Systematic displays: Create an attractive shopping experience.

Whatever you may be selling in your retail business – fashion, furniture, flowers, accessories or gourmet food: In order to attract lots of customers, your store should be just as attractive as your products. Present your goods in the best light. System4 offers a wide range of

possibilities to effectively stage the functional design elements made of chrome-plated steel, steel panels and glass, for instance as a distinguished counter. Thanks to our attractive pricing you don't have to invest in an overpriced store-furnishing concept.

*To provide a neat shopping experience:
System4 also looks beautiful stacked.*

*No matter what you are selling - System4
presents your products in the best light.*

Easy to set up. Or to switch up.

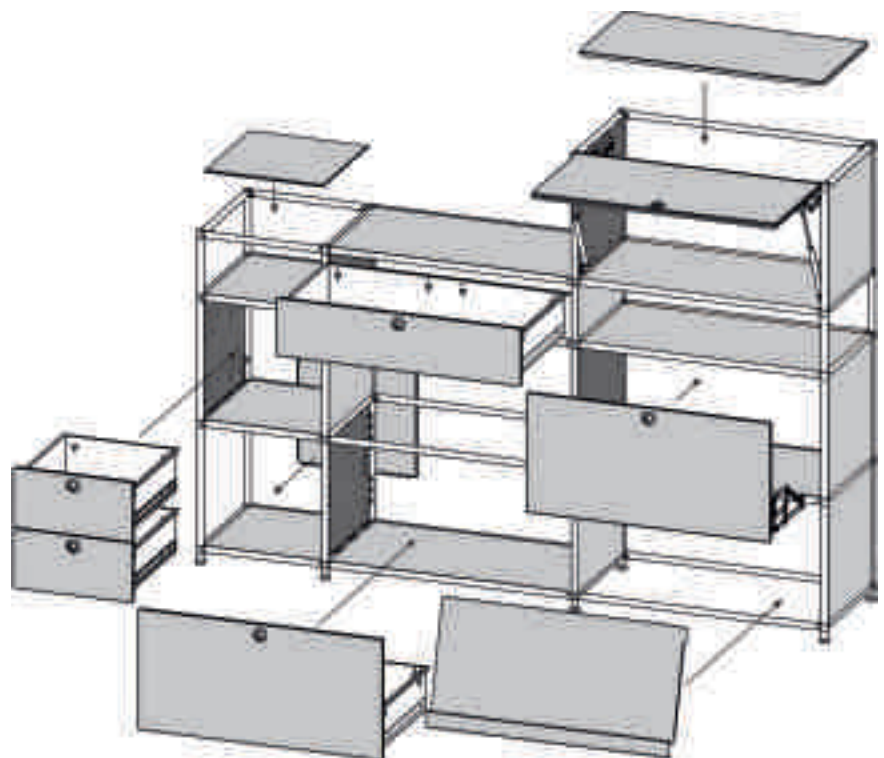

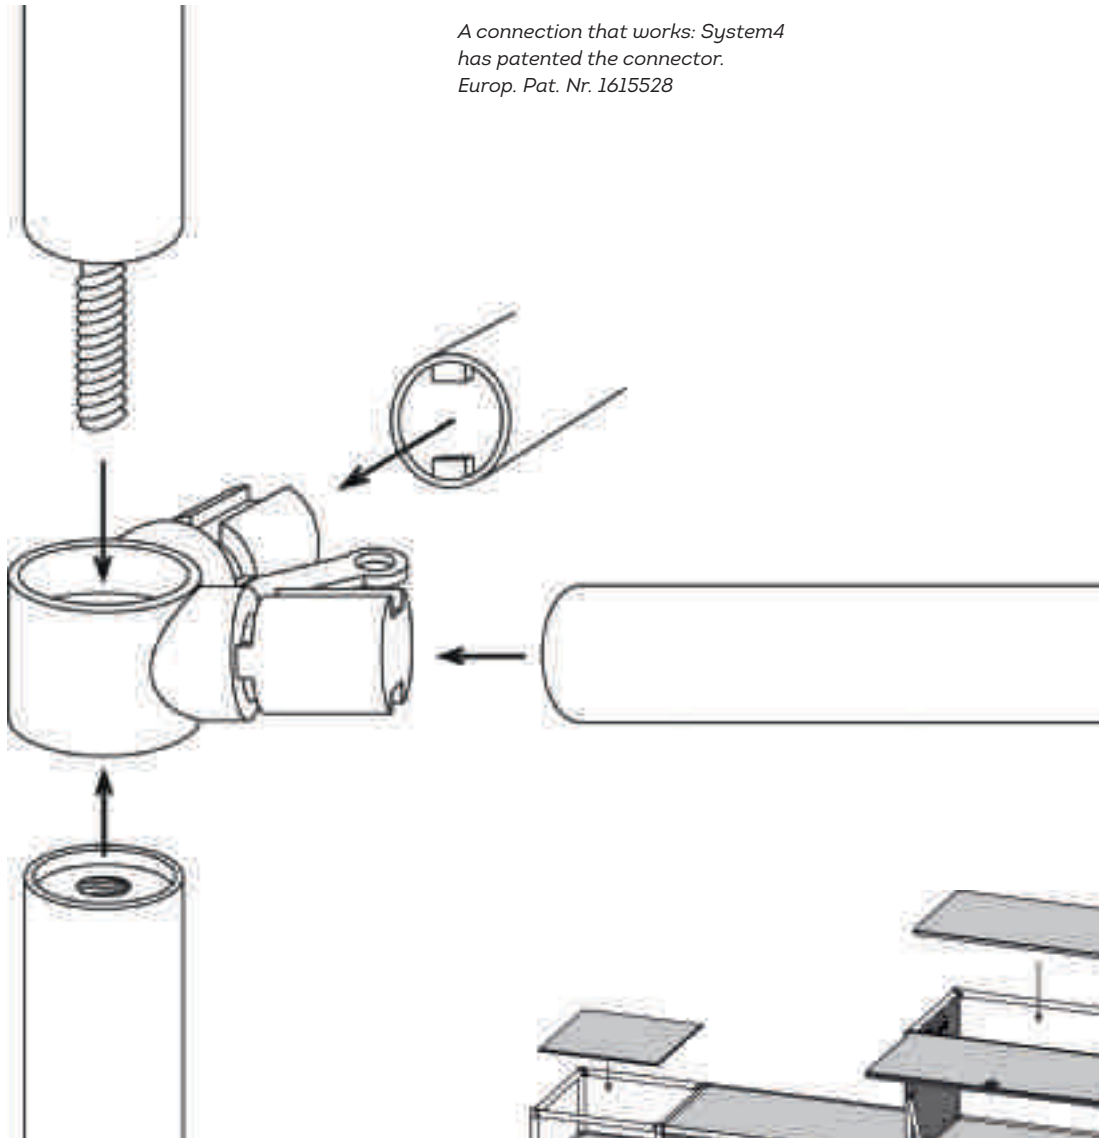

System4 is based on four basic elements: connectors and tubes, panels as well as accessories. All elements can be combined with each other. That's why it is very easy to set up System4, and you can even assemble it yourself. All you need are a regular wrench and an Allen wrench, which we will both

deliver with your furniture. However, if you need help implementing or changing your furnishing concepts, our team will be happy to assist you with professional assembly services. You can also find our easy instructions for System4 self-assembly online at www.system4.ch

Is it clicking? System4 is super easy to set up!

*A connection that works: System4
has patented the connector.
Europ. Pat. Nr. 1615528*

*Furniture without borders - System4 offers
an endless number of possible combinations.*

Our excellent customer service.

Not only our attractive pricing, the high quality machining or simple modularity make System4 so unique. We also offer full service and comprehensive consulting prior to, during and after the purchase, all part of our high quality standard. While it's easy to assemble the System4 elements with the supplied tools yourself, our assembly team

will be happy to assist you upon request. Thanks to our large inventory, we are able to guarantee short delivery times; throughout Switzerland, you will usually receive the furniture ordered within one week. We also have flexible service offers for you to choose from, to match your needs and fulfill your requirements.
