## 18KW/12KW/9KW/6KW ELECTRONIC BALLAST

### PRODUCT HIGHLIGHTS

**THIS IS A RECENTLY REVISED DESIGN BASED ON OUR 10KW PLUGGABLE POWER MODULE SYSTEM.**

This means that the power components can be exchanged in a few minutes, ensuring your equipment is always ready for work. The ballast is capable of

operating any lamp in the range 6kW through to 18kW and 300Hz operation comes as standard, so it's ready for High Speed shooting when needed.

The power circuits have been designed to tolerate huge voltage fluctuations to keep the product running under the harshest of power supply conditions.

### MAIN FEATURES

- WIDE RANGE OF OUTPUT POWER OPTIONS
- 1000HZ OUTPUT FOR HIGH SPEED FILMING
- COMPENSATION OF LAMP CABLE VOLT DROP
- PLUGGABLE POWER MODULES

### SPECIFICATIONS

|                |                                   |                      |                            |
|----------------|-----------------------------------|----------------------|----------------------------|
| Max Lamp Power | 18000W                            | Output Power Options | 18kW, 12kW, 9kW, 6kW       |
| Output Power   | 1000Hz, 300Hz, 100Hz, Silent Mode | Input Voltage Range  | 195-265V AC                |
| Current Draw   | 81.7A @ 230V                      | Power Factor         | >0.98                      |
| DMX Built In   | Yes                               | Max. Ambient Temp    | 45°C/113°F                 |
| Width          | 322mm/12.7"                       | Height               | 442mm/17.4" (without cart) |
| Length         | 483.5mm/19"                       | Weight               | 42kg/92lb (without cart)   |
