2. CINE REFLECTORS

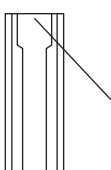

- DIFF 1 ● Hard circular ray of light
- DIFF 2 ● Medium circular ray of diffused light
- DIFF 3 ● Soft circular ray of diffused light
- DIFF 4 ○ Maximum diffused reflection

Precision manufactured aluminium coated surface, 97% reflectivity (only 3% loss) & 100% color rendering.

DIFF 0 lightweight mirror replacement can be ordered extra and will fit into your Speedbag 2.0 that can hold up to 6 Cine Reflectors!

3. GOOD TO KNOW

- With the trolley wheels you can easily transport your CRLS to the set.
- There is enough space inside the case to bulk up your CRLS set with additional Cine Reflectors. The tray is big enough to hold additional C-Wheels.

MOUNTING

attach your C-Wheel via the easy access point of the Speedrail on the back of the Cine Reflector.
