Every day, millions of people are seeking to create greater meaning in their life, by connecting with themselves and others on a deeper level.

We've made it our mission to make that possible ... by helping people create more meaningful and joyful lives through the guided exploration of expanded consciousness.

With a growing community of more than 100,000 consciousness explorers we're researching and developing new ways to easily access expanded states of consciousness for intuition, inner peace and a greater understanding of the human experience.

“This was absolutely beyond my belief and expectations. Each day, each exercise provided me with experiences that I can only describe as mystical.”
— Elissa M.

“I sincerely believe, no matter who you are, no matter where you come from, that participation in this retreat will translate into a positive direction in your life.”
— Rachel T.

“One of the most extraordinary experiences of my life.”
— Sky W.
In 2020 it took $2.2 million to sustain the organization during a significant time of transition.
