Every day, millions of people seek to feel joy, connected to loved ones, to reduce stress, to be more compassionate, and to live their life to its fullest.

We're on a mission to make that possible...

...by helping people create more meaningful and joyful lives through the guided exploration of expanded consciousness.

With a community of more than 70,000 consciousness explorers we share valuable tools to help each person access inner guidance aligned with their own purpose, goals and aspirations.

“...by helping people create more meaningful and joyful lives through the guided exploration of expanded consciousness.”

“I found a free used book in 2014: Journey’s Out of the Body. The inside pages were signed by participants at a workshop called Gateway. The title page had a strange handwritten math formula and the signature RM 1984. I later discovered this was my invitation to enter the world of the Monroe Institute.

It was 2016 when I participated in my own Gateway retreat and I’ve regularly attended programs ever since. My experiences of expanded consciousness have been profound and transformational. I love that programs meet you where you are and trainers and participants are wonderful fellow travelers on the journey.

For me, my time at Monroe feels like coming home to family.”

In 2019 it took more than $2.6 million to bring life-changing Monroe tools to the world.

"I have learned more from attending the Monroe programs than I did from attending school. This is the REAL stuff that we should be teaching our kids. The world will be a much happier place if enough people go through the Monroe program."
