Steel Pintle Chain

peerchain.com/product/steel-pintle-chain

Pintle Chain consists of a barrel and link as a single casting. Each casting is then connected with a steel pin to the next forming a chain. The castings and linkage provide increased strength, compared to other chains, allowing a wider range of applications.

Since 1969, the PEER Chain family has been a strong and reliable source that you can count on. We are a family connected by links forged over years of excellent service, quality and expertise. We are passionately committed to providing product genius and over-the-top service to keep you running!

- All chain components are heat treated to achieve maximum strength and greater wear resistance.
- Quad staked pins for greater durability.

Part No.	<u>667X</u>	<u>667XH</u>	<u>667H</u>	<u>667J</u>	<u>667K</u>	<u>88K</u>	<u>88C</u>
Industry No.	1042	1043	1044	1045	1046	1047	1048
Pitch (P)	2.25	2.25	2.313	2.25	2.25	2.609	2.609
Plate Height (H)	0.937	1.062	0.975	0.937	1.06	1.06	1.125

Pin Diamiter (D)	0.437	0.469	0.312	0.375	0.437	0.437	0.5
Plate Thickness (T)	0.17	0.224	0.125	0.17	0.2	0.2	0.25
Overall Width (G)	1.15	1.27	0.95	1.15	1.15	1.21	1.4
Unit of Measure (Inches or Millimeters)	in						
Average Tensile Strength (Lbs.)	22030	31740	11790	20900	24740	24900	32580
Average Weight Per Foot (Lbs./Ft.)	1.9	2.9	1.25	1.9	2.5	2.4	3.5
