THE ARCHITECT AND ENGINEERS CHOICE

INTRODUCING CANDEL™ EMITTERS  
100% SOLAIRA PERFORMANCE  
**50% LESS LIGHT EMISSION**

Solaira™ is pleased to introduce our new, low-light Candel™ heat emitter technology. Candel™ equipped heating systems provide the same powerful heat generation as current Solaira™ heaters, but offer consumers the choice of a lower light level. The Candel™ emitter radiates approximately 50% of the light as the same unit with a high-output Solaira™ S-Wave emitter.

WEATHERPROOF  
TECHNOLOGY

# 50% LESS LIGHT

The ideal heating solution for:

- Restaurant, bar and cafe patios
- Hotel foyers and terraces
- Home patios
- Outdoor great rooms
- Gazebos

## ALPHA SERIES

(available in black)

PART #	WATTAGE	VOLTAGE	AMP	SIZE	WEIGHT	REPLACEMENT LAMP
