

Valutek Cleanroom Sticky Notepad

Part Number: VTNPCR

Description: Valutek's cleanroom sticky notepads are manufactured with synthetic polymer impregnated paper with removable, residue free adhesive backing. This specially coated notepad papers have low fiber and particle generation. The water-based adhesive back contains no organic solvent to address environment hazardous concerns. Individually packed in a cleanroom, all Valutek cleanroom notepads are tested and manufactured in ISO compliant facilities under Valutek inspection and strict process control to ensure Valutek quality standard and product specifications.

Application: As part of the **Valutek Nanotek product family**, the notepads are commonly used for note taking, reminders and document annotation in a cleanroom Class 1 -10 (ISO 3-4) critical environment.
