

Material Safety Data Sheet (MSDS)

This documents the hazardous ingredients of a product, its physical and chemical characteristics (e.g. flammability, explosive properties), its effect on human health, the chemicals with which it can adversely react, handling precautions, the types of measures that can be used to control exposure, emergency and first aid procedures, and methods to contain a spill.

Prior using this SoCo Lashes product, please read carefully the information contained in this MSDS to protect yourself from hazardous chemical exposure and to work safely with our product.

1. Commercial Name

SoCo Lashes - Stay A While HUMID

2. Composition / Information on ingredients

Ingredient	CAS-no.	% Wt
Ethyl-2-Cyanoacrylate	7085-85-0	<89%
Polymethyl Methacrylate	9011-14-7	<8%
Butyl-2-Cyanoacrylate	6606-65-1	<3%
Carbon Black	1333-86-4	>2.2%

3. Hazards Identification

This product is a colored, solvent borne CyanoMethacrylate

Inhalation: Vapor can cause headache, nausea and irritation of the nose, throat & lungs.

Eye: Contact with vapor or liquid may irritate the eyes.

Skin: Slightly irritating to the skin.

Ingestion: May cause pain, nausea and vomiting

4. First Aid Measures

Inhalation: Move patient to fresh air and provide oxygen if breathing is difficult. If symptom persist, seek medical attention immediately.

Eye: Rinse thoroughly with plenty of water for at least 15 minutes. Eyelids should be held away from the eyeball to ensure thorough rinsing. If redness, itching persist or a burn sensation develop, seek medical advice.

Skin: Remove contaminated clothing/shoes and wipe off excess from skin. Wash exposed area with soap and water. If redness, itching persist or a burn sensation develop, seek medical advice.

Ingestion: Rinse mouth. Do not induce vomiting. Seek medical attention immediately.

5. Fire-Fighting Measures

Extinguishing Media:

Use dry chemical, carbon dioxide, foam or spray as appropriate for surrounding fire.

Fire-Fighting instructions:

Do not enter any enclosed or confined fire spacer without full protective equipment, including self-contained breathing apparatus to protect against the hazardous effects or combustion products and oxygen deficiency.

6. Accidental Release Measures

Small Spills:

Avoid accidents, clean up immediately. Wipe up with absorbent (clean rag or paper towels).

Allow absorbent to dry before disposing with normal household garbage. Any residual material can be cleaned up with hydrocarbon solvent or acetone-based nail polish remover.

Large Spills:

Shut off all possible sources of ignition. Clear area of all unprotected personnel. Clean up immediately. Wear protective equipment to prevent skin/eye contact or breathing in vapors. Increase ventilation and prevent run off into drains or waterways. Use absorbent (soil sand or other inert material) to absorb all liquids. Use a spark-free shovel to collect the contaminated inert material. Collect and seal in properly labelled containers or drums for disposal. Decontaminate all clothing and area with detergent and a large amount of water.

7. Handling & Storage

Handling Precautions:

Avoid skin and eye contacts. Avoid prolonged and repeated breathing of vapors. If spilled on clothing, launder before reuse. Use only in a well-ventilated area. Keep out of the children.

Storage requirement:

Keep from freezing. Product will coagulate. Keep container tightly closed when not in use. Store in a cool place and out of direct sunlight. Store away from sources of heat or ignition. Store away from oxidizing agent of foods. Empty containers are subject to proper waste disposal as product residue and vapors will remain in the containers after use.

8. Exposure controls / Personal Protection

Protective clothing/Equipment:

The use of impermeable gloves is advised to prevent skin contact. Use chemical goggle if splashing may occur.

9. Physical & Chemical Properties

<u>Physical State:</u>	Liquid	<u>Boiling Point:</u>	190°C (375°F)
<u>PH:</u>	N/A	<u>Flash Point:</u>	92°C (198°F)
<u>Water Solubility:</u>	N/A		

10. Stability & Reactivity

Chemical Stability:

Stable under normal conditions of use.

Conditions to avoid:

Avoid contact with foods. Avoid exposure to heat, sources of ignition, and open flame.

Incompatible Materials:

Incompatible with oxidizing agents.

Hazardous decomposition products:

Thermal decomposition may yield acrylic monomer, carbon monoxide and carbon dioxide.

Unidentified organic compounds in fumes and smoke may be formed during combustion.

11. Toxicological Information

Toxicity: Skin contact may cause burns.
Bond skin rapidly and strongly.
Skin and eye irritant.

Acute Oral Toxicity: Ethyl cyanoacrylate LD50 (rat): > 5000 mg/kg
Hydroquinone LD50 (rat): > 302 mg/kg

Likely route of exposure: Inhalation (Yes)
Skin (yes)
Ingestion (yes)

Ingredients with exposure limits:

Hazardous Components	ACGIH (TLV)	OSHA (PEL)	OTHER
Ethyl cyanoacrylate	0.2 ppm TWA	None	None
Hydroquinone	2 mg/m ³ TWA	2 mg/m ³ TWA	4 mg/m ³ STEL Target organ & other health effects

Literature Referenced cancerogenic:

Ingredients	Target organ & Other Health Effects	NTP	IARC	OSHA
Ethyl cyanoacrylate	ALG IRR RES	No	No	No
Hydroquinone	AC3 BLO BMM CNS EYE IMM IRR LIV MUT	No	N/A	No

Abbreviations:

N/A - not Applicable, AC3 ACGIH - animal cancerogenic, ALG - Allergen, BLO - blood, BNM - Bone Marrow, CNS - Central nervous System, EYE - Eyes, IMM - Immune system, IRR - Irritant, LIV - Liver, MUT - Mutagen, RES - respiratory.

12. Ecological Information

ECO -Toxicity: Avoid contaminating waterways

13. Disposal Information

Waste disposal Method: Do not pour into the drain. Dispose of according to Federal, State and local governmental regulations

Handling / storage Precautions: Avoid unnecessary exposure to air and moisture. Do not store above 25°C (77°F). Avoid exposure to direct sunlight. Keep container lid tightly closed.

Other precautions: Avoid contact with skin and eyes. Protect eyes, skin and clothing from contact with the liquid. Wear recommended equipment.

14. Transport information

U.S. Department of transportation Ground (49 CFR 172)

Proper Shipping Name:	Unrestricted	< 450 Liters
	Combustible liquids n.o.s (Cyanoacrylate ester)	> 450 Liters
Hazard class or division:	Unrestricted	< 450 Liters
	Combustible liquids n.o.s (Cyanoacrylate ester)	> 450 Liters
Identification Number:	Unrestricted	< 450 Liters
	NA 1993	> 450 Liters
Marine Pollutant:	None	

International Air transportation (ICA/IATA)

Proper Shipping Name:	Unrestricted
Hazard class or division:	Unrestricted
Identification Number:	None

Water Transportation (IMO/IMDG)

Proper Shipping Name:	Unrestricted
Hazard class or division:	None
Identification Number:	None
Marine Pollutant:	None

15. Regulatory Information

California Proposition 65: No California proposition 65 chemical are known to be present

TSCA 8(b) Inventory Status: All components are listed or are exempt from listing on toxic substances control act inventory.

EINECS: All components are listed on EINECS

16. Other information

Estimated HMIS® NFPA® code:

Health Hazard: 2
 Fire hazard: 2
 Reactivity Hazard: 1
 Personal Protection Index: A
 Specific Hazard: N/A

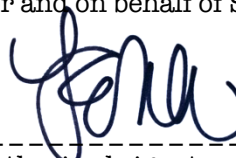

HEALTH	2
FLAMMABILITY	2
REACTIVITY	1
PERSONAL PROTECTION	A
