

Spring 2017

HAND MADE BY TRUE CRAFTSMEN

Bold MFG & Supply is the product division of Steel House MFG, a steel architectural fabrication company in Austin, Texas. We combine designers, artists, builders and craftsman under one roof to ensure a quality product and customer service from start to finish.

With that combined expertise, we're proud to introduce the Bold MFG & Supply Handrail Series. We've streamlined the process in-house, making it more realistic for homeowners to purchase a steel handrail that matches their specifications without having to source a local fabricator to design, build and install on their own.

With two modern handrail profiles, two clean, crisp bracket options and two available finishes, you can order combinations unavailable before resulting in a custom, quality product usually reserved for larger projects. And since Bold MFG & Supply works with the latest fabrication methods, that means you can expect to receive your products within 2-3 weeks.

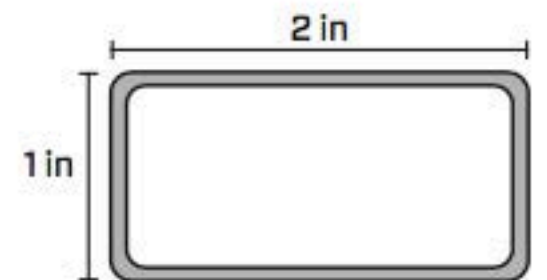

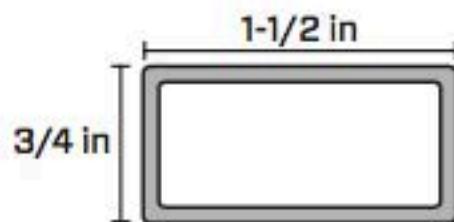

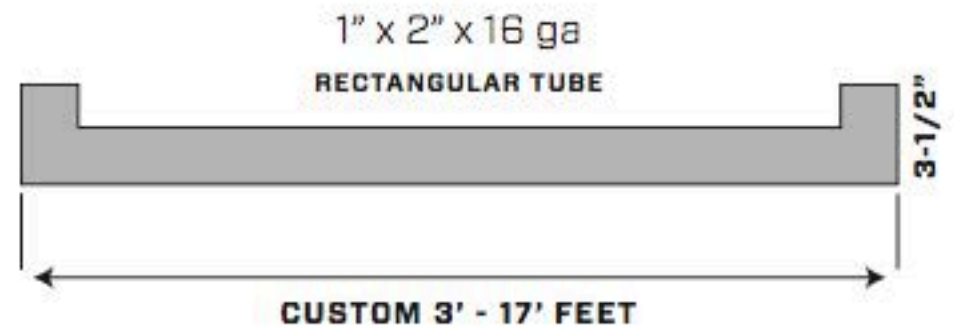

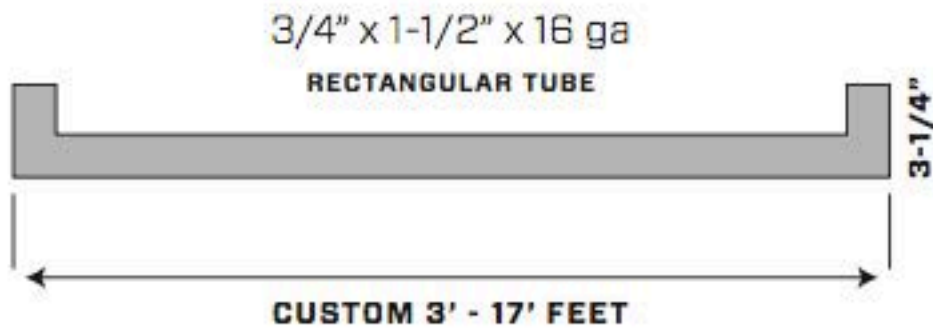

Modern
handrail

Our Modern handrail profile is a clean durable design with an minimalist comfort. This steel silhouette features a 3/4"x1.5" rectangular tube and a 16 ga steel cap on both ends. Let our years of experience as Austin's premier architectural fabricator custom build this product for your home.

Industry
handrail

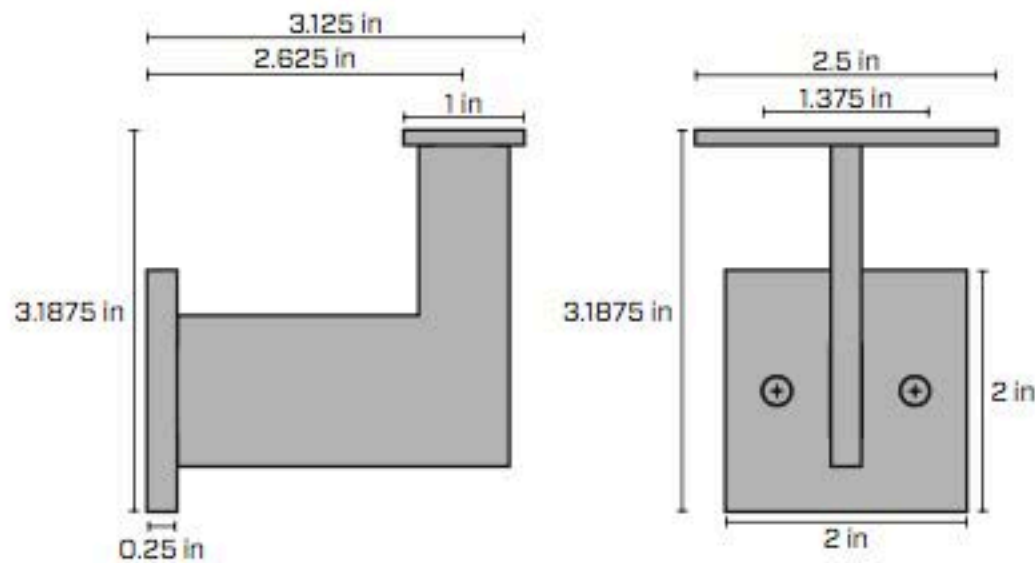

Bold's Industry Handrail profile features a 1"x2" rectangular steel tube, 16 ga steel caps and a choice from two custom made brackets. Our goal is to provide you with the quality and design usually reserved for only the best homes or commercial spaces. Our rails are designed for easy installation whether you are an occasional weekend warrior or a seasoned contractor.

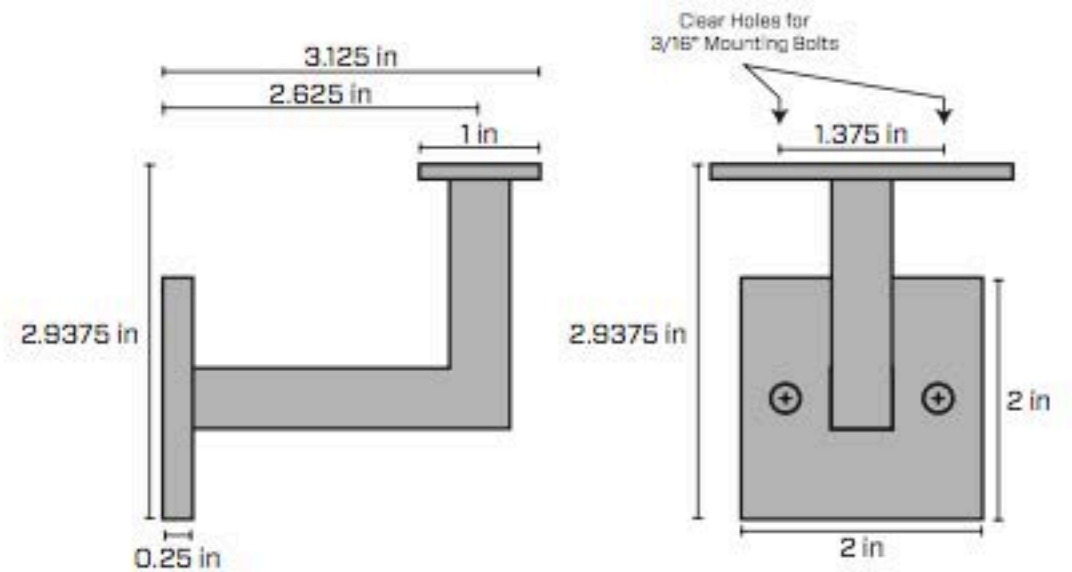

Linear
handrail bracket

Steel House Supply Linear Handrail Bracket - 1/4" Steel Plate Bracket piece of 1/4" x 1/2" solid steel square bar. Finish is powder coated satin black or unpainted raw steel. The brackets can also be combined with wood rails, if you enjoy combining natural and industrial elements as much as we do.

Minimal
handrail bracket

Steel House Supply Minimal Handrail Bracket - 1/2" Solid Steel Square Bar Bracket piece of 1/2" x 1/2" solid steel square bar. Finish is powder coated satin black or unpainted raw steel. The brackets can also be combined with wood rails, if you enjoy combining natural and industrial elements as much as we do.

How To Order

Handrails

Our rails are designed for easy installation and come with all the hardware to mount in your home. Each rail can be ordered in 1' foot increments starting at our 3' foot length. To measure your stairs, start with the edge of the bottom stair tread and measure to the edge of the top stair tread. A 70" run would require a 6' foot rail, but all our handrails can be cut to custom lengths for the perfect fit.

Address Plaques

We offer a variety of plaques to match your style and home design. Just add your personal address numbers in the notes section when ordering. Stand-off bolts and instructions will be included for mounting.

Mailbox Post

- 60" Post: This option allows you to set the post into concrete up to 18 inches. The entire length of the post is 60" inches. The post comes with a mounting plate that will align with the pre-cut holes in the curbside mailbox. Hardware is included.

- 42" Post: This option is 42" long and comes with a bolt plate for mounting to an existing sidewalk footing or pavement. Hardware included.

Shipping

Where do we ship?

Currently, we are limited to shipping to US addresses only, but we have successfully had customers receive our products internationally through third party services such as <https://bongous.com/>

How long does shipping take?

Shipping normally takes between two to three weeks. We will notify you upon completion with your tracking information via the email address that is tied to your order. All products but fire pits ship via UPS Ground and will take up to five business days to receive after shipment. Fire pits ship by commercial freight and take three business days to receive after shipment.

Reviews

I read all the reviews before I purchased and communicated via email with this company. EVERYTHING is true. It came MUCH earlier than expected and the craftsmanship is beautiful! All my neighbors were impressed! I'll be ordering a sign from them as well! **-etsy.com**

Arrived in perfect condition and I couldn't be happier with the look. Timeless! I am the envy of the block. :) **-etsy.com**

I couldn't be happier with the custom order from BoldMFG. The house number plaque is gorgeous, shipped on time + arrived to my door quicker than I expected. It's a shame I only need one set of house numbers, otherwise I would order more! **-etsy.com**

Contact

Austin, TX isn't only our home. It's our muse. If you've visited, you'll recognize that each neighborhood has such a distinct feel with its own style, culture and architecture, and we channel that into inspiration for our designs, many of which share the names of those places we see every day. Our focus is making simple, durable goods that feel as at home in a modern condo or industrial office space as they do in a century old farmhouse.

Dexter Custom
curb side mailbox

This is the steel tank everyone is talking about. The Dexter Custom Mailbox is fabricated of heavy 3/16" steel for lasting durability. It's slightly larger than a standard mailbox. This is a quality, rugged mailbox designed for years of service. Locking options and your address numbers will give it that tailor-made feel to fit your home.

Overland Slab
curb side mailbox

The Overland Slab is our latest addition to our curbside mailbox category. It's incredibly solid with simple clean lines and there are a number of personalized options to make it your own. We offer it with blank steel sides or with your address numbers. Customize the front with an all steel face or an Brazilian Ipe wood.

Hydepark Custom
wall mount mailbox

Our recent release in our wall mounted mailbox category brought this beauty. Similar to our Gibson mailbox, it features the same clean, modern lines and crafted of 14 ga plate - solid and sturdy but not overly heavy.

Gibson Custom
wall mount mailbox

Our Gibson Custom Mailbox is the most popular wall mount mailbox from the collection, composed of a 1/4" face plate and finished with your custom address numbers. Locking options are available, also available is a classic version which features the word "POST" along the front.

Bouldin
address numbers

The Bouldin address numbers will define your home with its strong look with delicate lines. All our plaques are made from 1/4" hot rolled steel and can be designed to fit up to five numbers.

Fin
fire pit

Named for its distinctive "fins" that make up the base of the pit. Its precise lines and thick 3/16" plate will look great whether you are enjoying a fire or simply decorating your space.

Oakmont
steel planters

Our planter cubes are the great way to accent your outdoor area or will look great on either side of a front door. Made of 14-gage steel, these planters will gradually rust and weather to a deep brown patina.
