# LATIN for children

## PRIMER B FLASHCARDS

### INSTRUCTIONS:

Print the Latin flashcard deck (on regular paper or card stock), then flip the paper over in your printer and print the English flashcard deck. If printed correctly, the cards will match with the Latin vocabulary on one side of the card and the English translation on the reverse side. For added durability have the cards laminated at your local photocopy center.

### CREATIVE IDEAS:

- If you print the Latin and English words on separate paper you can use the flash cards to play, “Go Fish” or “Memory” (by matching the Latin cards with the correct English translations.)
- Take your flashcards on long car trips or even on the way to soccer practice.
- Tape a set of the flashcards around the house on household objects (*aqua* = water) and practice your Latin while going about life.
