SPANISH for CHILDREN Primer A

...Creatively Taught

The *Spanish for Children Primer A Program* teaches upper-elementary students this dynamic language using the pedagogy and structure of our popular Latin for Children series. This series emphasizes grammar and the parts of speech as vital tools for the correct speaking and understanding of Spanish, while also using lively chants to aid memorization of both grammar and vocabulary.

“This is one of the better Spanish programs for kids available. It’s good enough that, while it’s intended for elementary students, high school students and even adults will find it very useful for beginning their study of Spanish.”

Latin for Children

...Creatively Taught

Designed, revised, and continually sharpened since 2001, the award-winning Latin for Children (LFC) curriculum continues to be a strong, inviting, and creative program designed to introduce students as young as 3rd or 4th graders to Latin. This series trains students in grammar and vocabulary in a lively, interactive way and also remains a perfect choice for parents and teachers, including those who will be learning alongside their students.

“Teaching Latin to and learning Latin with your elementary students could not be easier.”

—Dawn K.,
The Old Schoolhouse Magazine

“We are entirely smitten with LFC, this being our second year. I am so pleased with the progress my eldest is making in *Primer B*, and equally delighted to hear everyone else down to the two-year-old chanting right along.”

—Kendra F., *Preschoolers and Peace*
