

## Wee Squeak Size Chart

\*Make sure to print this chart at 100%  
The red border should be just inside the edges of the paper.

### How to find your child's size:

Place your child's foot at the bottom of the chart.

Make sure to have them relax their foot and put all their weight on it by leaning forward.

Be sure to measure both feet and order to fit the largest size measured.

To Ensure that this chart is printed at the correct size, place a credit card within this border. If the card fits the chart has been printed correctly.
