

AT951

HOOD TYPE DISHWASHER - TOTAL POWER 10,1 KW

PRODUCT DESCRIPTION

DOUBLE POWER

Stainless steel structure and tank 18/10 AISI 304. Wash tank with rounded edges and inclination, thus ensuring the complete drainage of dirty water.

Upper and lower rotating wash and rinse arms with particularly shaped jets for keeping them free from solid waste.

Electro-mechanic functioning.

Rinsing temperature thermometer.

Three working cycles: 60 seconds, 150 seconds or continuous.

Stainless steel heating elements, resistant to corrosion and limescale.

Suitable for line or corner installations. Height-adjustable legs.

Hood lifting thanks to springs.

The washing cycle starts only when the hood is completely closed. The appliance stops working if the hood is lifted by chance.

Standard equipped with built-in rinse aid dispenser for the best drying results.

Standard equipped with built-in connection for detergent dispenser.

Standard equipped with built-in connection for drain pump.

Wide range of options available **on demand**.

Standard equipped with a basket for plates and a basket for cups.

AT951 is the perfect solution against tough dirt. Thanks to its double-powered pump and 50% more powerful heating elements in comparison with the model B51 it is effective even on dirt-encrusted plates.

Additional stainless steel surface filters available **on demand**, so to keep water cleaner for a longer time.
