

## PRODUCT SHEET

### FRYER RFE 20 C

#### Specifications

Reference	RFE 20 C
Dimensions	400 x 600 x 980 mm
Weight	38 Kg
Power	2 x 6 = 12 KW
Voltage	380 V

#### Description

To fry alternatively different products and to better control the oil consumption, this fryer is fitted with 2 oil containers with 2 baskets of 10 liters each.

Mounted on adjustable stainless steel feet 150 mm (CE - UL / NSF), these fryers are equipped with a power relay, a large flow draining and a perfect insulated tank with an integrated 'mini-maxi' oil level. Two stainless steel flanges hold the heating element and thermostatic bulbs. Reset safety thermostat in the cupboard.

The RFE 20 C enables to fry 40 kg of French fries/h

Made in France.
