We care about the Environment

By refraining from inserting a full printed manual with our Argon Audio products we save more than 20 tons of paper each year. You can find a full User Manual in PDF format for this product on; www.argonaudio.com

See back side of this insert for Quick start guide

Safety
Safety Instructions

- Unplug this product from the wall outlet before cleaning. Do not use this product near water or moisture. Do not spill liquids on the product. Clean only with a dry cloth.
- Place the unit on a solid surface.
- Do not put it in a closed bookcase or a cabinet that may keep air from flowing through its ventilation openings.
- Do not install near any heat sources, such as radiators, heat registers, stoves or other appliances that produce heat.
- Protect the power cord from being walked on or pinched, particularly at plugs and the point where they exit from the product.
- During Lightning storms, unplug the product from the power source or if unused for long periods of time. This will prevent lightning and power-line surge damage to the product.

- Do not attempt to service this product yourself. Opening or removing covers may expose you to dangerous voltages or other hazards. Please contact the manufacturer to be referred to an authorized service center near you.
- Do not overload wall outlets, extension cords, or integral power circuits as this can result in a risk of fire or electric shock.
- Never push any object through the product openings, as this can result in fire, electric shock or damage.
- Use proper power sources. Plug the product into a proper power source, as described in the operating instructions or as marked on the product.

If there is a Lightning flash with an arrow head on the product, it's intended to alert the User of the presence of un-insulated "dangerous voltage" within the product, that might be of sufficient magnitude to constitute a risk of electric shock to persons.

If there is an Exclamation point on the product, it's intended to alert the User that there is important operating and maintenance (servicing) information in the User manual.

Quick start

1. Connect the power supply to the Argon Audio BT2 and connect the power supply to a power outlet.
2. Connect the BT2 to an Amplifier, using either the (included) RCA cable, a mini jack cable or an optical cable.
3. The small LED light on the front of Argon Audio BT2 will turn Red, indicating its in Stand-by mode
4. Enable Bluetooth on your playback device (Mobile Phone, Tablet, Lap Top etc.).
5. Turn ON Argon Audio BT2, by pressing the Power button on the back.
6. The LED on the front of Argon Audio BT2 will turn Blue and start blinking fast. Now waiting to connect to a BT device. (Mobile Phone, Tablet, Lap Top etc.)
7. Start Bluetooth device search on your playback device (Mobile Phone, Tablet, Lap Top etc.).
8. Once "Argon Audio BT2" is found and shows in the display of your device – depending on your device, it either:
    a. Connects automatically indicating "Connected to Media Audio" or.
    b. "Ask" to be Paired

9. If it shows "Connected to Media Audio" you are ready for playback.
10. If it ask to be Paired press "Argon Audio BT2 on your device and it will show "Paired".
11. Then Press "Argon Audio BT2" on your device again and it will Connect.
12. **Notice** you can adjust the volume both on your playback device (Mobile Phone, Tablet, Lap Top etc.). and on your Amplifier.

> **LED light indicator**
> **No light** = Off
> **Red** = Stand-by
> **Fast Blinking Blue** = Waiting for Pairing/Connect
> **Slow Blinking Blue** = Time out for connection.
> To activate again, press Power twice until you either get fast blinking Blue or Constant Blue LED
> **Constant Blue** = Connected
