ABOUT

Dedicated to uncompromising craftsmanship, CHAVÍN not only produces exquisitely chic jewellery but also makes a difference through its innovative partnership with SOS Children's Villages.

Fusing intriguing mythology, vibrant colours and modern elegance, CHAVÍN jewellery is simply beautiful. Every single piece is designed with love, crafted with integrity and maintains the traditions of social consciousness which existed within the ancient CHAVÍN culture, from whence our design inspiration is drawn.

The first settlers of the Andes revered the powerfully elegant yet voracious, Jaguar as a supreme God. Imbued with extraordinary feline spirits, it is the mysterious icon of the brand and has been the inspiration for the latest Feline Spirit Collections. CHAVÍN introduces ancient Peru and the mystical spirits of the Jaguar to modern British fashion.

Through CHAVÍN's innovative partnership with SOS Children's Villages, every time a customer buys a piece of CHAVÍN jewellery they automatically become a partner in CHAVÍN's philanthropic efforts to empower Peruvian women whose families have been torn apart by poverty.

Luxury and style do have a conscience!

Leaf Collection

Since the beginning of humanity, leaves have been a symbol of fertility and growth. Just as the Jaguar Priests of Old, the Leaf collection captures the mystic concepts of the Fertility Feline Spirit bringing all-encompassing growth to the wearer's life

Triangle Collection – Earth and Water

The White Mountain contains the most sacred monuments in Chavín culture. It forms a triangle with the rivers Huachecsa and Mosna: a combination of Water and Earth, these two being crucial for rejuvenation and maintaining balance in life. The triangle is so sacred as it mirrors the shape of the Feline Face. Our designs capture these mystic concepts in the Triangle Collection bringing health and balance to the wearer's life.

Rosie Fortescue

Made In Chelsea

The SOS Children's Villages Luz Y Vida Project

This programme provides Peruvian mothers with life changing economic opportunities they have not received due to the inequality in their society.

For every item sold, CHAVÍN donates an undiluted 2% to the SOS Children's Villages Luz Y Vida project. By educating and empowering the women, it improves the life and stability of the whole community and hence the greater society and CHAVÍN is very proud of the influence they have had thus far.

The more CHAVÍN sales figures grow, the more the fiercely independent women and children at Luz y Vida will prosper and thrive.
