Why we love it...

(besides the fact that it's a shining beacon of Grecian goodness)

Stout, yet stately, this lamp makes an entrance and stays there. With a mirrored finish in a rich, smoky silver and compact geometric shape, it's as ready for Mad Men as it is for your living room.

Ed. Elements
of Design

Elements of Design was created out of the desire to provide customers with a consciously curated, globally-inspired collection of pieces that made people feel less like they were simply purchasing products, but rather, evoke the feeling that they were collecting treasures; all of which have been tastefully produced in Los Angeles...and all around the world.
