## Why we love it...

(besides the fact that it laughs at subtlety in the face. Ha ha ha!)

This lamp is understated, mid-century elegance at its very finest. The base is oh-so-subtly striated with hints of iridescence, and the disc-shape base is balanced by a slender neck capped in copper. Your console table is dying for this lamp.

**Ed.** Elements  
of Design

Elements of Design was created out of the desire to provide customers with a consciously curated, globally-inspired collection of pieces that made people feel less like they were simply purchasing products, but rather, evoke the feeling that they were collecting treasures; all of which have been tastefully produced in Los Angeles...and all around the world.
