Why we love it...

(besides the fact that much like Shakira, its hips don't lie)

This lamp is understated, mid-century elegance at its very finest. The base is oh-so-subtly striated with hints of iridescence, and the soft, spherical base is balanced by a slender neck capped in copper. Wouldn't these look lovely on your bedside tables?

Ed. Elements
of Design

Elements of Design was created out of the desire to provide customers with a consciously curated, globally-inspired collection of pieces that made people feel less like they were simply purchasing products, but rather, evoke the feeling that they were collecting treasures; all of which have been tastefully produced in Los Angeles...and all around the world.
