Why we love it...

(besides the fact that it's a lean, mean, lighting machine)

This lamp is understated, mid-century elegance at its very finest. The base is oh-so-subtly striated with hints of iridescence, with a statuesque elongated shape and a slender neck capped in silver. Gives gravitas to an accent table.

**Elements
of Design**

Elements of Design was created out of the desire to provide customers with a consciously curated, globally-inspired collection of pieces that made people feel less like they were simply purchasing products, but rather, evoke the feeling that they were collecting treasures; all of which have been tastefully produced in Los Angeles...and all around the world.
