DESCR.

Why we love it...

(besides the fact that it has great taste in flashy gold belts)

This stunning piece is crafted in cool white and warm bronze for maximum design inspiration. Adds a dose of serenity to your bedside table.

NOTES:

Ed. Elements of Design

Elements of Design was created out of the desire to provide customers with a consciously curated, globally-inspired collection of pieces that made people feel less like they were simply purchasing products, but rather, evoke the feeling that they were collecting treasures; all of which have been tastefully produced in Los Angeles...and all around the world.
