## Why we love it...

(besides the fact that it looks like really pretty diamonds. And who doesn't like really pretty diamonds?)

Classic and sophisticated. Those are the first words that come to mind when you encounter this geometric wonder of a lamp. It radiates ultra-luxe glamour wherever you end up putting it in your home.

**Ed.** Elements of Design

Elements of Design was created out of the desire to provide customers with a consciously curated, globally-inspired collection of pieces that made people feel less like they were simply purchasing products, but rather, evoke the feeling that they were collecting treasures; all of which have been tastefully produced in Los Angeles...and all around the world.
