

LEAN ON ME

LUXE

# Lean on Me by Thomas Cooper Studio

Hand-hewn slabs of cast textured glass face each other like forbidden lovers - close but never touching - divided by a fissure of glowing light. More sculpture than light fixture, the unique texture and flow of this scone make a modern, poetic statement.

LUXE lighting collections are handcrafted from the finest materials, combining classic motifs with contemporary flair to create signature illuminated features that are equal part light and art. Balancing light and shadow, color and clarity, each LUXE lighting fixture is a one of a kind creation.
