

# KOREA DIGITAL WEIGHING INDICATOR

## FEATURES

- Table or panel mounting available
- Auto span calibration
- Watch-dog function installed for diagnostic.
- Wide range of capacity and division can be easily set by keyboard
- Push button tare or keyboard tare setting.
- Weight auto back up function depending on zero
- Adjust range

## SPECIFICATIONS

Art No.	E-8000C(N)
Item No.	01ES-D-WI009
Display	Multiple LED Color Display, 6 Digits
Max Display	990,000
Keypad	Key (0-9), CLR, SET, PRINT
Dimension (L x W x H)	194 x 92 x 160mm
Zero Adjust Range	-4mV ~ +42.0mV
Load Cell Supply Voltage	DC 10V (±5V)
Max. Load Cell Input Voltage	32mV
A/D Conversion	300,000 count
Character Size (Height)	20mm
Temperature	-10°C~40°C
Temperature Coefficient	± 20PPM/
Non-Linearity Range	0.005% Full Of Scale
Moisture	Less Than 85% RH
Indicator Weight	Net 2.3kg, Packing 3.3kg
Power Voltage	AC 110 / 220V (±10%), 50/60 Hz.10VA
