# RING SIZE GUIDE

## 3 SIMPLE STEPS TO FIND YOUR CORRECT SIZE

1. Print out the Ring size guide, ensuring your print page scaling is set to 'none' on your 'print' dialog box. To ensure accuracy you can measure the bars on top left of this page. It must be exactly 2cm or 40mm long.
2. Choose an existing ring that fits the intended finger. Please note that wedding and engagement rings are traditionally worn on the 'ring finger' of the left hand.
3. Place the ring that properly fits the intended finger over the circles shown below. Match the inside edge of the ring with the inside edge of the circle that is closest in size (please see diagram on right). If the ring is between sizes, choose the larger size.
