PAIRING

When you remove the earbuds from the case they will automatically turn on & pair (If the headphones **do not pair** automatically, please press button ① or ② twice). Turn on the Bluetooth device to which you will connect the earbuds, find the name of the earbuds, connect them and when you hear the sound command "Connected" the two devices are paired. Once you have connected the earbuds to your device pairing will happen automatically when you use it again.

CHARGING

1. Place the left and right earbud in the charging case and press button ⑦ to **start** or **stop** charging. When fully charged LED light stops.

2. Use the provided Micro USB cable to charge the case. When fully charged the LED light will stop.

NOTE

Charge at least once a month the earbuds if you don't use them for a long period of time so it can protect the battery life. When the earbuds are on but not paired up to 5 minutes they will automatically turn off in order to protect the battery life.

RESET

If the device does not turn on or disconnects, press & hold the power button ⑦ for 8-10 seconds to restart & reset.
