MULTI PAIRING FEATURE

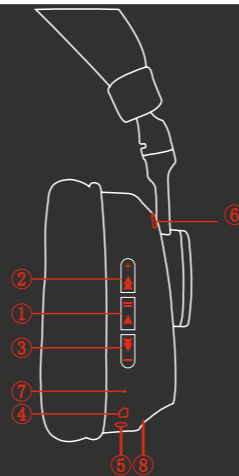

You can connect the headphones to 2 mobile phones. When the headphones are connected to 2 phones if you play music from phone "A" the headphones will pair with that phone if you play music from phone "B" the headphones will connect directly to that phone automatically without connecting them separately each time you change device.

AUX MODE

Use with the provided audio cable or use with any other audio cable with 3.5mm jack.

AUTOMATIC POWER OFF

If you do not use the headphones for up to 5 minutes, it will automatically turn off to conserve battery power.

ADDITIONAL BUTTON FEATURES

★ Note:

Press buttons ② and ③ simultaneously to switch to **Radio** , **Bluetooth** or **TF Card** Mode. **Aux mode** is switching automatically when you plug in the audio cable.

①, ② & ③ RADIO MODE

Press button ① shortly to start searching for radio stations. When you use for the first time make sure to complete full channel search time up to 1 minute. Press and hold buttons ② or ③ to memorize a channel.

② & ③ TF CARD / BLUETOOTH MODE

When you switch to TF or Bluetooth mode, press long button ② for Next Song and shortly to Increase volume. Press and hold button ③ for Previous Song and shortly to Decrease volume.

NOTE

Charge at least once a month the headphones if you don't use them for a long period of time so it can protect the battery life.
