

StreetSiren

Wireless outdoor siren with strobe light

An audio and visual alarm system with a customizable sound level between 85 and 113 dB. Maintains a connection to Ajax Hub at a distance of up to 1,500 meters in open space.

Maximum Performance

- Works up to 1,500 meters from Ajax Hub in open space or across several floors of a business center
- Alarm length and sound level are customizable (85-113 dB)
- Powered by a 12V DC power supply or built-in batteries

Effortless Operation

- Indicates current state (arm/disarm/armed)
- Has a built-in siren for alarms
- Battery indicator shows battery level
- Two-way communication with Ajax Hub allows for periodic testing and customization

Simple Installation

-  Connects to Ajax Hub with a single click
-  The quality of the connection can be tested remotely
-  No need to disassemble the body when installing using SmartBracket mounts

Bulletproof Protection

-  Authentication to prevent forgery
-  Jamming detection and communication channels encryption
-  Tampering alarm

Tech Specs

- Color: white/black
- Device type: wireless
- Use: indoor/outdoor
- Dismount protection: accelerometer
- Power supply: 4 CR123A batteries or external 12 V DC
- Temperature sensor: available
- Radio signal power: 25 mW
- Ingress protection: IP54
- Working temperature range: from -20°C (-4°F) to +60°C (+140°F)
- Operating humidity: up to 95%
- Dimensions: 200x200x51 mm (7.87x7.87x2 in)
- Weight: 528 g
- Battery life is up to 5 years
