

Biochemically Balanced

Dr. LaMar's Ultimate Salt is a triturated homeopathic compound preparation, biochemically balanced to correspond to the normal saline content of healthy human plasma in the ratio the body uses it. Each cell is an electrical generator depending for its function upon the delicate mineral balance in and around the cell. Being a biochemical compound of these essential minerals and trace elements, **Ultimate Salt** can contribute to this delicate balance.

Alternative To Ordinary Table Salt

In ordinary table salt, which is almost 100% sodium chloride, *the mineral balance of the body is completely upset*, and so the body is "poisoned". Too much sodium causes displacement of potassium in the cells. This equals slow recovery from exercise or illness.

Alternative To Ordinary Sea Salt

Sea salt contains too much magnesium and insufficient potassium.
