MEGGAN MORIMOTO'S LATEST DROP OF LUXURY BRIDAL HEELS!

We always go giddy for gorgeous heels and it appears Meggan Morimoto has answered our footwear prayers with her latest drop in luxury footwear. With the brand's [Bridal & Beyond](#) range a huge success with brides, for not only the stunning stand-alone designs, but the elegant embellishments you can add to style your shoes up, or down - Meggan has added three additional shoes and 10 embellishments, creating 15 new looks!

A sleek pointed toe and minimalist design, *Blanca* is a dream pump in Ivory mesh and butter-soft pearlised white nappa leather. For the unconventional bride or urban bridal party, there's *James* - a stunning slingback stiletto, in black suede nappa leather with a 9-cm heel. Rounding out the new styles is the *Totano* block-heel sandal - timeless and elegant, now released in pearlised white nappa. Complementing the core styles are 10 handmade, detachable embellishments. Clip-on pearl embellishments, metallic leather obi bows, organza blossoms, pearl anklets and silk ankle wraps allow brides to customise their look.

Designed in Melbourne, handmade in Tuscany, Italy, Meggan Morimoto always has comfort, while maintaining a fashion look, at the forefront. Each Meggan Morimoto style features a swathe of hidden comfort features. Premium Italian nappa leathers and fabrics keep busy bridal feet blister-free, and a nappa lining minimises friction and allows the foot to breathe. Made from podiatric memory foam PORON, custom-designed, hidden comfort insoles add cushioning - moulding to the foot and retaining density with each wear. Meanwhile a custom collection of lasts ensures even weight distribution in every pair of Morimoto's. Meaning? A beautifully stable, balanced shoe, without that all-too-common pressure on the balls of the feet.

Available now on morimoto.com.au, take a peek at the incredible designs and put your best foot forward by securing a pair for yourself.
