How do I get started?

First, you will want to gather your supplies. Depending on which format you purchased from us, you will need different supplies. So, take what applies, and skip over the rest.

*** Printing:

- *Print instructions and study guide on white copy paper.
- *Print the booklet templates on 24# colored paper.

*** Assembly:

***Folders:** We use colored file folders, which can be found at Wal-Mart, Sam's, Office Depot, Costco, etc. You will need 5 file folder. You may use manila folders if you prefer, but we have found that children respond better with the brightly colored folders. Don't worry about the tabs.... they aren't important. If you prefer, you can purchase the assembled lapbook bases from our website.

***Glue:** For booklet assembly, we use glue sticks and sometimes hot glue, depending on the specific booklet. We have found that bottle glue stays wet for too long, so it's not a great choice for lapbooking.

***Other Supplies:** Of course, you will need scissors. Many booklets require additional supplies. Some of these include metal brad fasteners, paper clips, ribbon, yarn, staples, hole puncher, etc. You may want to add decorations of your own, including stickers, buttons, coloring pages, cut-out clipart, etc. The most important thing is to use your imagination! Make it your own!!

Ok. I've gathered the supplies. Now how do I use this product?

Inside, you will find several sections. They are as follows:

1. **Student Assembly and Completion Instructions:** This section is written directly to the student, in language that he or she can understand. However, depending on the age of the child, there may be some parent/teacher assistance needed. These instructions will tell the student exactly how to assemble the lapbook base and how to cut out and assemble each booklet. Here, they will find a layout of where each booklet should be placed in the lapbook and pictures of a completed lapbook. They will also tell the student exactly what should be written inside each booklet as he or she comes to it during the study.
2. **Booklet Templates:** This section includes all of the templates for the booklets within this lapbook.
3. **Study Guide:** This section includes most of the information that you need to teach this subject. You may choose to teach directly from the Study Guide, or you may choose to allow your student to read the study guide himself. Either way, you will find all of the information here.

Lapbook Base Assembly:

First, you will need to assemble the "Lapbook Base" for your project. For this lapbook, you will need 5 file folders. Open the file folder, and lay it flat in front of you. Fold both sides of each folder toward the middle. The edges (or tabs) of the folded sides should touch the center original fold line on the folders. See **Figure 1**.

Lapbook Layout:

Below, you will see a layout for the lapbook. You may choose to glue the booklets into your Lapbook Base in any order that you like. However, you may have trouble fitting all of them in unless you follow the layout below. Some of the shapes aren't exactly the same on the layout as the booklets themselves.

Below, you will find pictures of how the lapbook should look when you have completely assembled it.

Scripture Pocket Booklet

Arming yourself against worldly things is something all Christians have to do. Memorizing God’s word and *hiding it in your heart* are very important step to this. Memorize the scriptures and recite them to a parent or friend.

***Assembly Instructions:** Cut out along the outer black line edges of the pocket. Then fold the tabs back along the bold lines so the title of the pocket is on the front. Glue the tabs down to a slightly larger square of colored paper or directly to the lapbook. At the end of each lesson section, in the Student Instructions, you will find scriptures suggested for memorization taken from each lesson. Using the tags provided here, write each suggested scripture onto one of the tags. Cut the verse tags out along the outer black lines. Punch a hole in the top of each tag and secure with a metal brad, ribbon or paper clip. Store the tags in the scripture pocket.
