About us

This small family run business started in 1995, we opened a small garden centre and used this building as our shop. In late 2006 we sold up and hoped to enjoy a quite life, it wasn't to be and we missed the old place! So in 2016 we jumped at the chance to buy the place back. All our family still work alongside us and the coffee shop has been our first big project. We aim to use local produce and suppliers from around Kent including, Fairseat farm for our eggs, Shaun and Steve O'Mearas butchers and Biddenden for our juices and cider as well as Robs traditional greengrocery. We hope you continue to support and enjoy this venture with us.
