

6-1/2" Variable Speed Plunge Cut Track Saw

Product Features:

- Plunge Cut Track Saw is ideal for smooth cutting of solid wood and plywood, especially when combined with the optional 50" track model KW-300
- Powerful 12 Amp. 120V variable speed "soft-start" motor with "constant torque" technology
- Depth stop feature for splinter-free cuts
- Safety features include fully enclosed blade and anti-kickback control (when used with optional 50" track)
- Flat blade housing design allows wall cuts at 11/16" from the wall
- Mode selector enables fast and easy setting of major functions, such as blade removal, free plunge cutting and scribe/scoring cut at 0.1" deep
- Comes with efficient 1L dust management system, dust bag, dust chute, set of carbon brushes and hex. key with on cord storage

* This Plunge Cut Track Saw accepts Makita®, Dewalt®, Kreg® or Festool® 6-1/2" x 20 mm arbor blades.

* Optional track (KW-300) is compatible with Makita® and Dewalt Track Saws.
